## SBI Clerk 2023 Free Mock Test

### SBI Clerk Previous Year Paper PDF – Reasoning Section

**Directions:** Answer the questions based on the information given below.

Eight persons H, I, J, K, L, M, N and O live on different floors of an 8-storey building. The bottommost floor is numbered as 1 and the topmost floor is numbered as 8. Only three of them belong to foreign countries (Japan, Canada and USA).

N, who belongs to USA, lives below O. Three persons live between O and N. O lives on an even numbered floor. I lives three floors above K, who lives immediately below H. The one, who belongs to Japan, lives two floors above I. Neither J nor L belongs to any foreign country. The one, who belongs to Canada, lives immediately above J.

**Question 1:** Who among the following belongs to Canada?

- A) M
- B) K
- C) L
- D) H
- E) None of the above

**Question 2:** L lives on which of the following floor?

- A) 7<sup>th</sup>
- B) 1<sup>st</sup>
- C) 6<sup>th</sup>
- D) Either (b) or (c)
- E) None of the above

**Question 3:** How many persons live between M and H?

- A) Three
- B) Four
- C) One
- D) Two
- E) Cannot be determined

## SBI Clerk 2023 Free Mock Test

**Question 4:** Who doesn't live on an even number floor?

- A) K
- B) L
- C) O

- D) N
- E) None of the above

**Question 5:** K lives on \_\_\_\_\_ floor and belongs to \_\_\_\_\_.

- A) 4<sup>th</sup>, Canada
- B) 7<sup>th</sup>, Japan
- C) 2<sup>nd</sup>, Canada
- D) 4<sup>th</sup>, Japan
- E) None of the above

**Question 6:** In the question, assuming the given statements to be true, find which of the conclusion (s) among given three conclusions is/are definitely true and then give your answer accordingly.

**Statements:**  $P > R \geq O > N$ ;  $M \leq O > T < Q$

**Conclusions:**

- I.  $P > T$
- II.  $N < Q$
- III.  $R \geq M$
- A) Only conclusion I is true
- B) Only conclusions I and III are true
- C) Only conclusion III is true
- D) Only conclusion II is true
- E) Only conclusions II and III are true

**Directions:** Read the given arrangement of numbers, letters, and symbols carefully and answer the questions based in it.

9 \* \$ F G H # C K % @ J Y T 5 R I S 6 L U 7 N !

**Question 7:** In the given arrangement, how many vowels are preceded by consonants or followed by symbol?

- A) None
- B) Two
- C) One
- D) Three
- E) More than three

**Question 8:** If all the symbols are dropped from the above arrangement, which of the following will be the eleventh to the right of the seventh from the left end?

- A) U
- B) N
- C) 6
- D) 7
- E) None of the above

**Question 9:** If all the numbers are dropped from the arrangement, then what would be the fifth letter from the left of sixth element from the right end?

- A) @
- B) N
- C) R
- D) K
- E) J

**Question 10:** If first nine elements from left end are written in reverse order, then what would be the fifth letter to the left of the second symbol from the right end?

- A) K
- B) I
- C) J
- D) F
- E) S

**Question 11:** In the question below there are three statements followed by three conclusions I, II and III. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts and then decide which of the given conclusions logically follows from the three statements disregarding commonly known facts.

**Statements:**

- Only a few Glass is Empty
- Some Empty is Cup
- All Cup is Full

**Conclusion:**

- I. All Glass can be Empty
  - II. Some Empty can be Full
  - III. A few Full is Glass
- A) Only conclusion II follows
  - B) Only conclusion II and conclusion III follow
  - C) Only conclusion I follows
  - D) None of the conclusions follows
  - E) Only conclusion I and conclusion II follow

**Question 12:** In the question below there are three statements followed by three conclusions I, II and III. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts and then decide which of the given conclusions logically follows from the three statements disregarding commonly known facts.

**Statements:**

- Only Plant is Cactus.
- No Plant is Zebra.
- All Zebra is Animal.

**Conclusion:**

- I. All Plant can never be Animal
- II. Some Animal is not Cactus
- III. Some Cactus can be Zebra
- A) Only conclusion II follows
- B) Only conclusion I and conclusion II follow
- C) Only conclusion I follows
- D) Only conclusion III follows
- E) Only conclusion II and conclusion III follow

**SBI Clerk 2023 Free Mock Test**

**Question 13:** In the question, assuming the given statements to be true, find which of the conclusion (s) among given three conclusions is/are definitely true and then give your answer accordingly.

**Statements:**  $P \geq M \geq A > Q$ ;  $O > Y \geq Z = T > C < Q$

**Conclusions:**

- I.  $C < P$
- II.  $O > A$
- III.  $T = O$
- A) Only Conclusion I is true
- B) Only Conclusions I and II are true
- C) Only Conclusion III is true
- D) Only Conclusion II is true
- E) Either Conclusion II or III is true

**Question 14:** In the question, assuming the given statements to be true, find which of the conclusion (s) among given three conclusions is/are definitely true and then give your answer accordingly.

**Statements:**  $A \geq M \geq Y = P$ ;  $C \leq Z < B = A$

**Conclusions:**

- I.  $B > P$
- II.  $A \geq C$
- III.  $Y < Z$
- A) Only Conclusion I is true
- B) Only Conclusions I and II are true
- C) Only Conclusion III is true
- D) Only Conclusions I and III are true
- E) None of the three conclusions follow

**Directions:** Answer the questions based on the information given below.

Seven persons (P1, P2, P3, P4, P5, P6 and P7) went to mall in seven different months (January, February, March, April, May, June and July) of the same year, but not necessarily in the same order.

P4 went in the month having only 30 days. P3 went to mall 3 months before P4. P2 doesn't go in the month, which has least number of days. Only one person went between P4 and P2. P2 went just after P7, who went after P6. More than three persons went between P6 and P5.

**Question 15:** How many persons went before P5?

- A) Three
- B) Six
- C) Four
- D) Two
- E) One

**Question 16:** Who went in February?

- A) P6
- B) P2
- C) P1
- D) P5
- E) P3

**Question 17:** How many persons went between P3 and P2?

- A) Two
- B) Six
- C) Three
- D) Four
- E) No one

**Question 18:** Four of the given five persons are related in some manner. Find the odd one out.

- A) P3
- B) P6
- C) P1
- D) P7
- E) P5

**Question 19:** How many four-letter meaningful English words, starting with the letter 'C', can be formed using the 1<sup>st</sup>, 2<sup>nd</sup>, 5<sup>th</sup>, 6<sup>th</sup> and the 10<sup>th</sup> letter of the word 'VERNACULAR', starting from the left end?

- A) None
- B) One
- C) Two
- D) Three
- E) None of the above

**Question 20:** P1 went in which of the following month?

- A) April

- B) February
- C) July
- D) January
- E) March

**Question 21:** How many pairs of letters are there in the word "ALONGSIDE" which has as many letters between them (in both forward and backward direction) in the word as in the English alphabetical series?

- A) 3
- B) 4
- C) 6
- D) 5
- E) More than 6

**Directions:** Answer the questions based on the information given below.

There are seven members (A, B, C, D, E, F and G) in a family, which consist of three generations. No single person in the family is a parent.

E's mother's mother-in-law's only brother is D. B, who is married, is sister-in-law of G, who is not in the first generation. G is only daughter of F, who is father of A. C doesn't have grandson.

**Question 22:** How is G related to D's sister?

- A) Niece
- B) Mother
- C) Daughter-in-law
- D) Daughter
- E) None of the above

**Question 23:** How is E related to C's daughter?

- A) Nephew
- B) Niece
- C) Aunt
- D) Uncle
- E) None of the above

**Question 24:** How is D related to A?

- A) Nephew
- B) Son
- C) Uncle
- D) Father
- E) None of the above

[SBI Clerk 2023 Free Mock Test](#)

**Directions:** Answer the questions based on the information given below.

Eight persons (Raman, Rakul, Rohit, Rishab, Ritesh, Raghav, Rajesh and Ranjeet) work in Army on eight different designations (General, LG, MG, Brigadier, Colonel, LC, Major and Captain) but not necessarily in the same order. The designations are in decreasing order of precedence such that the General is the senior most designation and Captain is the junior most designation.

Raman is four designations senior to Rohit, who is immediate senior to Raghav. Only two persons are senior to Rakul. Rajesh is three designations senior to Rishab. Ranjeet is senior to Rishab. Ritesh is junior to Ranjeet. Rakul is not immediate senior to Ritesh.

**Question 25:** Who among the following is Brigadier?

- A) Rajesh
- B) Rishab
- C) Ranjeet
- D) Ritesh
- E) None of the above

**Question 26:** How many persons are junior to Rohit?

- A) One
- B) Two
- C) Three
- D) Four
- E) None of the above

**Question 27:** Who among the following is the senior most person?

- A) Rajesh
- B) Raman
- C) Ritesh
- D) Ranjeet
- E) None of the above

**Question 28:** How many persons are senior to Rishab?

- A) Three
- B) Four
- C) Five
- D) Six
- E) None of the above

**Question 29:** Who among the following is designated as Captain?

- A) Rishab
- B) Ranjeet
- C) Ritesh
- D) Raghav

E) None of the above

**Question 30:** When all the letters of the word "YELLOWBACKS" are arranged as per the English alphabetical order from left to right, then which alphabet is seventh from the right end after the rearrangement?

- A) C
- B) E
- C) K
- D) L
- E) None of the above

**Directions:** Answer the questions based on the information given below.

Nine persons (G, H, I, J, K, L, M, N, and O) sit around a circular table such that five persons face towards the center and remaining persons face away from the center of the table.

H sits 2<sup>nd</sup> to the right of I. Only one person sits between H and G, from either side. Immediate neighbours of G face away from the center. J sits 3<sup>rd</sup> to the left of K, who sits adjacent to G. J doesn't sit adjacent to I. Immediate neighbours of J face the same direction. L sits 2<sup>nd</sup> to the left of M, who faces same direction as I. N, who doesn't sit adjacent to L, faces same direction as L.

**Question 31:** Who sits 2<sup>nd</sup> to the right of L?

- A) M
- B) I
- C) J
- D) N
- E) None of the above

**Question 32:** Four of the following five are alike in a certain way based on a group, which among the following does not belong to that group?

- A) I
- B) G
- C) H
- D) J
- E) O

**Question 33:** Who among the following persons sit adjacent to O?

- A) I
- B) M
- C) L
- D) H
- E) G

**Question 34:** How many persons sit between K and N, when counted from the left of N?

- A) Four
- B) Five

- C) Three
- D) One
- E) Six

**Question 35:** What is the position of H with respect to J?

- A) 4<sup>th</sup> to the right
- B) 3<sup>rd</sup> to the left
- C) 3<sup>rd</sup> to the right
- D) 4<sup>th</sup> to the left
- E) None of the above

**निर्देश:** नीचे दी गई जानकारी के आधार पर प्रश्नों के उत्तर दें।

आठ व्यक्ति H, I, J, K, L, M, N और O एक 8-मंजिला इमारत के विभिन्न मंजिलों पर रहते हैं। सबसे नीचे वाली मंजिल की संख्या 1 है और सबसे ऊपरी मंजिल की संख्या 8 है। उनमें से केवल तीन विदेशी देशों (Japan, Canada और USA) से संबंधित हैं।

N, जो USA से संबंधित है, O के नीचे रहता है। O और N के बीच तीन व्यक्ति रहते हैं। O एक सम संख्या से अंकित मंजिल पर रहता है। I, K से तीन मंजिल ऊपर रहता है और K H के तत्काल नीचे रहता है। वह व्यक्ति, जो Japan से संबंधित है, I से दो मंजिल ऊपर रहता है। न तो J न ही L किसी विदेशी देश से संबंधित है। वह व्यक्ति, जो Canada से संबंधित है, J के तत्काल ऊपर रहता है।

**प्रश्न 1:** निम्नलिखित में से कौन Canada से संबंधित है?

- A) M
- B) K
- C) L
- D) H
- E) उपरोक्त में से कोई नहीं

**प्रश्न 2:** L निम्नलिखित में से किस मंजिल पर रहता है?

- A) सातवीं
- B) पहली
- C) छठी
- D) या तो (b) या (c)
- E) उपरोक्त में से कोई नहीं

**प्रश्न 3:** M और H के बीच कितने व्यक्ति रहते हैं?

- A) तीन

- B) चार  
C) एक  
D) दो  
E) निर्धारित नहीं किया जा सकता

**प्रश्न 4:** कौन सम संख्या से अंकित मंजिल पर नहीं रहता है?

- A) K  
B) L  
C) O  
D) N  
E) उपरोक्त में से कोई नहीं

**प्रश्न 5:** K \_\_\_\_\_ मंजिल पर रहता है और \_\_\_\_\_ से संबंधित है।

- A) चौथी, Canada  
B) सातवीं, Japan  
C) दूसरी, Canada  
D) चौथी, Japan  
E) उपरोक्त में से कोई नहीं

**प्रश्न 6:** प्रश्न में दिए गए कथनों को सत्य मानते हुए ज्ञात करें कि दिए गए तीन निष्कर्षों में से कौन-सा निष्कर्ष निश्चित रूप से सत्य है और फिर उसी के अनुसार अपना उत्तर दें।

**कथन:**  $P > R \geq O > N$ ;  $M \leq O > T < Q$

**निष्कर्ष:**

- I.  $P > T$   
II.  $N < Q$   
III.  $R \geq M$   
A) केवल निष्कर्ष I सत्य है  
B) केवल निष्कर्ष I और III सत्य हैं  
C) केवल निष्कर्ष III सत्य है  
D) केवल निष्कर्ष II सत्य है  
E) केवल निष्कर्ष II और III सत्य हैं

**निर्देश:** संख्याओं, अक्षरों और प्रतीकों की दी गई व्यवस्था को ध्यान से पढ़ें और उसमें आधारित प्रश्नों के उत्तर दें।

9 \* \$ F G H # C K % @ J Y T 5 R I S 6 L U 7 N !

**प्रश्न 7:** दिए गए व्यवस्था में, ऐसे कितने vowels हैं जिनके पहले consonants या बाद में प्रतिक है?

- A) एक भी नहीं
- B) दो
- C) एक
- D) तीन
- E) तीन से अधिक

### SBI Clerk 2023 Free Mock Test

**प्रश्न 8:** यदि उपरोक्त व्यवस्था से सभी प्रतीकों को हटा दिया जाए, तो निम्नलिखित में से कौन बाएं छोर से सातवें के दायें से ग्यारहवां होगा?

- A) U
- B) N
- C) 6
- D) 7
- E) इनमें से कोई नहीं

**प्रश्न 9:** यदि व्यवस्था से सभी संख्याओं को हटा दिया जाए, तो दाएँ छोर से छठे तत्व के बाएं से पाँचवाँ अक्षर क्या होगा?

- A) @
- B) N
- C) R
- D) K
- E) J

**प्रश्न 10:** यदि बाएं छोर से पहले नौ तत्वों को उल्टे क्रम में लिखा जाता है, तो दाएँ छोर से दूसरे प्रतिक के बाएं से पाँचवाँ अक्षर क्या होगा?

- A) K
- B) I
- C) J
- D) F
- E) S

**प्रश्न 11:** नीचे प्रश्न में तीन कथन और उसके बाद तीन निष्कर्ष I, II और III दिए गए हैं। आपको दिए गए तीन कथनों को सत्य मानना है, भले ही वे सामान्य रूप से ज्ञात तथ्यों से अलग दिखाई देते हो और फिर तय करें कि दिए गए निष्कर्षों में से कौन-सा निष्कर्ष तीन कथनों का तार्किक रूप से अनुसरण करता है।

**कथन:**

केवल कुछ Glass Empty है।

कुछ Empty Cup है।

सभी Cup Full है।

**निष्कर्ष:**

I. सभी Glass Empty हो सकते हैं।

II. कुछ Empty Full हो सकते हैं।

III. कुछ Full Glass है।

A) केवल निष्कर्ष II अनुसरण करता है

B) केवल निष्कर्ष II और निष्कर्ष III अनुसरण करते हैं

C) केवल निष्कर्ष I अनुसरण करता है

D) कोई भी निष्कर्ष अनुसरण नहीं करता है

E) केवल निष्कर्ष I और निष्कर्ष II अनुसरण करते हैं

**प्रश्न 12:** नीचे प्रश्न में तीन कथन और उसके बाद तीन निष्कर्ष I, II और III दिए गए हैं। आपको दिए गए तीन कथनों को सत्य मानना है, भले ही वे सामान्य रूप से ज्ञात तथ्यों से अलग दिखाई देते हो और फिर तय करें कि दिए गए निष्कर्षों में से कौन-सा निष्कर्ष तीन कथनों का तार्किक रूप से अनुसरण करता है।

**कथन:**

केवल Plant Cactus है।

कोई Plant Zebra नहीं है।

सभी Zebra Animal है।

**निष्कर्ष:**

I. सभी Plant कभी भी Animal नहीं हो सकते हैं।

II. कुछ Animal Cactus नहीं है।

III. कुछ Cactus Zebra हो सकते हैं।

A) केवल निष्कर्ष II अनुसरण करता है

B) केवल निष्कर्ष I और निष्कर्ष II अनुसरण करते हैं

C) केवल निष्कर्ष I अनुसरण करता है

D) केवल निष्कर्ष III अनुसरण करता है

E) केवल निष्कर्ष II और निष्कर्ष III अनुसरण करते हैं

**प्रश्न 13:** प्रश्न में दिए गए कथनों को सत्य मानते हुए ज्ञात करें कि दिए गए तीन निष्कर्षों में से कौन-सा निष्कर्ष निश्चित रूप से सत्य है और फिर उसी के अनुसार अपना उत्तर दें।

**कथन:**  $P \geq M \geq A > Q$ ;  $O > Y \geq Z = T > C < Q$

**निष्कर्ष:**

I.  $C < P$

II.  $O > A$

III.  $T = O$

A) केवल निष्कर्ष I सत्य है

B) केवल निष्कर्ष I और II सत्य हैं

C) केवल निष्कर्ष III सत्य है

D) केवल निष्कर्ष II सत्य है

E) या तो निष्कर्ष II या III सत्य है

**प्रश्न 14:** प्रश्न में दिए गए कथनों को सत्य मानते हुए ज्ञात करें कि दिए गए तीन निष्कर्षों में से कौन-सा निष्कर्ष निश्चित रूप से सत्य है और फिर उसी के अनुसार अपना उत्तर दें।

**कथन:**  $A \geq M \geq Y = P$ ;  $C \leq Z < B = A$

**निष्कर्ष:**

I.  $B > P$

II.  $A \geq C$

III.  $Y < Z$

A) केवल निष्कर्ष I सत्य है

B) केवल निष्कर्ष I और II सत्य हैं

C) केवल निष्कर्ष III सत्य है

D) केवल निष्कर्ष I और III सत्य हैं

E) तीन निष्कर्षों में से कोई भी अनुसरण नहीं करता है

**निर्देश:** नीचे दी गई जानकारी के आधार पर प्रश्नों के उत्तर दें।

सात व्यक्ति (P1, P2, P3, P4, P5, P6 और P7) एक ही वर्ष के सात अलग-अलग महीनों (January, February, March, April, May, June और July) में मॉल गए, लेकिन जरूरी नहीं कि इसी क्रम में हो।

P4 केवल 30 दिनों वाले महीने में गया। P3, P4 से 3 महीने पहले मॉल गया था। P2 उस महीने में नहीं जाता है, जिसमें दिनों की संख्या सबसे कम होती है। केवल एक व्यक्ति P4 और P2 के बीच गया। P2, P7 के तत्काल बाद गया और P7 P6 के बाद गया। P6 और P5 के बीच तीन से अधिक व्यक्ति गए।

**प्रश्न 15:** P5 से पहले कितने व्यक्ति गए थे?

- A) तीन
- B) छह
- C) चार
- D) दो
- E) एक

**प्रश्न 16:** February में कौन गया था?

- A) P6
- B) P2
- C) P1
- D) P5
- E) P3

**प्रश्न 17:** P3 और P2 के बीच कितने व्यक्ति गए?

- A) दो
- B) छह
- C) तीन
- D) चार
- E) एक भी नहीं

**प्रश्न 18:** दिए गए पांच में से चार व्यक्ति किसी न किसी तरह से संबंधित हैं। विषम चुनें।

- A) P3
- B) P6
- C) P1
- D) P7
- E) P5

**प्रश्न 19:** शब्द 'VERNACULAR' के बाएं छोर से पहले, दूसरे, पांचवें, छठे और दसवें अक्षर का प्रयोग कर अक्षर 'C' से शुरू होने वाले चार अक्षरों के अर्थपूर्ण अंग्रेजी के कितने शब्द बनाए जा सकते हैं?

- A) एक भी नहीं
- B) एक
- C) दो
- D) तीन

E) उपरोक्त में से कोई नहीं

**प्रश्न 20:** P1 निम्नलिखित में से किस महीने में जाता है?

- A) April
- B) February
- C) July
- D) January
- E) March

**प्रश्न 21:** शब्द "ALONGSIDE" में अक्षरों के ऐसे कितने जोड़े हैं जिनके बीच उतने ही अक्षर हैं (आगे और पीछे दोनों दिशाओं में) जितने कि अंग्रेजी वर्णमाला श्रृंखला में हैं?

- A) 3
- B) 4
- C) 6
- D) 5
- E) 6 से अधिक

**निर्देश:** नीचे दी गई जानकारी के आधार पर प्रश्नों के उत्तर दें।

एक परिवार में सात सदस्य (A, B, C, D, E, F और G) हैं, जिसमें तीन पीढ़ियां हैं। परिवार में कोई अविवाहित व्यक्ति एक अभिवाक नहीं है।

E की माता की सास का इकलौता भाई D है। B, जो विवाहित है, G की साली/ननद/ भाभी है और G पहली पीढ़ी में नहीं है। G, F की इकलौती पुत्री है और F A का पिता है। C का कोई पोता/नाती नहीं है।

**प्रश्न 22:** G, D की बहन से किस प्रकार संबंधित है?

- A) भतीजी/भांजी
- B) माता
- C) बहु
- D) बेटी
- E) उपरोक्त में से कोई नहीं

**प्रश्न 23:** E, C की पुत्री से किस प्रकार संबंधित है?

- A) भतीजा/भांजा
- B) भतीजी/भांजी
- C) चाची / मामी
- D) चाचा / मामा

E) उपरोक्त में से कोई नहीं

## SBI Clerk 2023 Free Mock Test

**प्रश्न 24:** D, A से किस प्रकार संबंधित है?

- A) भतीजा/भांजा
- B) बेटा
- C) चाचा/ मामा
- D) पिता
- E) उपरोक्त में से कोई नहीं

**निर्देश:** नीचे दी गई जानकारी के आधार पर प्रश्नों के उत्तर दें।

आठ व्यक्ति (रमन, रकुल, रोहित, ऋषभ, रितेश, राघव, राजेश और रंजीत) आठ अलग-अलग पदनामों (General, LG, MG, Brigadier, Colonel, LC, Major और Captain) पर सेना में कार्य करते हैं, लेकिन जरूरी नहीं कि इसी क्रम में हों। पद की वरीयता घटते क्रम में हैं जैसे कि General सबसे वरिष्ठ पद है और Captain सबसे कनिष्ठ पद है।

रमन, रोहित से चार पद वरिष्ठ है, रोहित राघव से तत्काल वरिष्ठ है। केवल दो व्यक्ति रकुल से वरिष्ठ हैं। राजेश ऋषभ से तीन पद वरिष्ठ हैं। रंजीत ऋषभ से वरिष्ठ है। रितेश रंजीत से कनिष्ठ है। रकुल, रितेश से तत्काल वरिष्ठ नहीं है।

**प्रश्न 25:** निम्नलिखित में से कौन Brigadier है?

- A) राजेश
- B) ऋषभ
- C) रंजीत
- D) रितेश
- E) उपरोक्त में से कोई नहीं

**प्रश्न 26:** कितने व्यक्ति रोहित से कनिष्ठ हैं?

- A) एक
- B) दो
- C) तीन
- D) चार
- E) उपरोक्त में से कोई नहीं

**प्रश्न 27:** निम्नलिखित में से सबसे वरिष्ठ व्यक्ति कौन है?

- A) राजेश
- B) रमन
- C) रितेश
- D) रंजीत
- E) उपरोक्त में से कोई नहीं

**प्रश्न 28:** ऋषभ से कितने व्यक्ति वरिष्ठ हैं?

- A) तीन
- B) चार
- C) पांच
- D) छह
- E) उपरोक्त में से कोई नहीं

**प्रश्न 29:** निम्नलिखित में से किसे Captain के रूप में नामित किया गया है?

- A) ऋषभ
- B) रंजीत
- C) रितेश
- D) राघव
- E) उपरोक्त में से कोई नहीं

**प्रश्न 30:** जब शब्द "YELLOWBACKS" के सभी अक्षरों को अंग्रेजी वर्णमाला के क्रम में बाएं से दाएं व्यवस्थित किया जाता है, तो पुनर्व्यवस्था के बाद कौन सा अक्षर दाएं छोर से सातवें स्थान पर होगा?

- A) C
- B) E
- C) K
- D) L
- E) उपरोक्त में से कोई नहीं

**निर्देश:** नीचे दी गई जानकारी के आधार पर प्रश्नों के उत्तर दें।

नौ व्यक्ति (G, H, I, J, K, L, M, N, और O) एक वृत्ताकार मेज पर इस प्रकार बैठे हैं कि पांच व्यक्ति केंद्र की ओर उन्मुख होते हैं और शेष व्यक्ति मेज के केंद्र से बाहर की ओर उन्मुख हैं।

H, I के दाएँ से दूसरे स्थान पर बैठा है। H और G के बीच केवल एक व्यक्ति बैठा है, किसी भी ओर से। G के निकटतम पड़ोसियों का मुख केंद्र से बाहर की ओर है। J, K के बायें से तीसरे स्थान पर बैठा है और K G के बगल में बैठा है। J, I के

बगल में नहीं बैठा है। J के निकटतम पड़ोसियों का मुख समान दिशा की ओर है। L, M के बाएँ से दूसरे स्थान पर बैठा है और M का मुख I के दिशा के समान है। N, जो L के बगल में नहीं बैठा है, का मुख L के दिशा के समान है।

**प्रश्न 31:** L के दायें से दूसरे स्थान पर कौन बैठा है?

- A) M
- B) I
- C) J
- D) N
- E) उपरोक्त में से कोई नहीं

**प्रश्न 32:** निम्नलिखित पांच में से चार एक समूह के आधार पर एक निश्चित तरीके से समान हैं, निम्नलिखित में से कौन उस समूह से संबंधित नहीं है?

- A) I
- B) G
- C) H
- D) J
- E) O

**प्रश्न 33:** निम्नलिखित में से कौन से व्यक्ति O के बगल में बैठा है?

- A) I
- B) M
- C) L
- D) H
- E) G

**प्रश्न 34:** N के बाएँ से गिनने पर, K और N के मध्य कितने व्यक्ति बैठे हैं?

- A) चार
- B) पांच
- C) तीन
- D) एक
- E) छह

**प्रश्न 35:** J के सन्दर्भ में H का स्थान क्या है?

- A) दायें से चौथा
- B) बाएँ से तीसरा
- C) दायें से तीसरा

D) बाएं से चौथा

E) उपरोक्त में से कोई नहीं

31) - C)	32) - E)	33) - C)	34) - E)	35) - D)	

#### Solution 1: B)

**Starting Point:** Start with placing O and N in order to form two cases.

#### Clues:

- O lives on an even numbered floor.
- Three persons live between O and N.
- N, who belongs to USA, lives below O.

#### Inference:

From clue 1, 2 and 3, we get O lives on either 8<sup>th</sup> or 6<sup>th</sup> floor. N lives on either 4<sup>th</sup> or 2<sup>nd</sup> floor.

Case I: When O lives on 8<sup>th</sup> floor.

Floor	Person	Country
8	O	
7		
6		
5		
4	N	USA
3		

2		
1		
1		

Case II: When O lives on 6<sup>th</sup> floor.

Floor	Person	Country
8		
7		
6	O	
5		
4		
3		
2	N	USA
1		
1		

**Clues:**

- I lives three floors above K, who lives immediately below H.
- The one, who belongs to Japan, lives two floors above I.

**Inference:**

From clue 4, we get I lives either on 5<sup>th</sup> or 7<sup>th</sup> floor. H lives either on 3<sup>rd</sup> or 5<sup>th</sup> floor and K lives either on 2<sup>nd</sup> or 4<sup>th</sup> floor.

From clue 5, we eliminate Case II as we cannot place the one, who belongs to Japan. The one, who belongs to Japan, lives on 7<sup>th</sup> floor. I, H and K lives on 5<sup>th</sup>, 3<sup>rd</sup> and 2<sup>nd</sup> floor, respectively.

Case I:

Floor	Person	Country
8	O	
7		Japan
6		

5	I	
4	N	USA
3	H	
2	K	
1		
1		

**Clues:**

6. Neither J nor L belongs to any foreign country.  
 7. The one, who belongs to Canada, lives immediately above J.

**Inference:**

From clue 6, we get M belongs to Japan.

From clue 7, we get L lives on 6<sup>th</sup> floor, J lives on 1<sup>st</sup> floor and K belongs to Canada.

Therefore, the final arrangement is given below:

Floor	Person	Country
8	O	-----
7	M	Japan
6	L	-----
5	I	-----
4	N	USA
3	H	-----
2	K	Canada
1		
1	J	-----

K belongs to Canada.

Hence, option b.

**Solution 2: C)**

L lives on 6<sup>th</sup> floor.

Hence, option c.

**Solution 3: A)**

Three persons live between M and H.

Hence, option a.

**Solution 4: E)**

All of the above persons live on an even number floor.

Hence, option e.

**Solution 5: C)**

K lives on 2<sup>nd</sup> floor and belongs to Canada.

Hence, option c.

**Solution 6: B)**

Given Statement:  $P > R \geq O > N$ ;  $M \leq O > T < Q$

On combining, we get,

$P > R \geq O > T < Q$ ;  $N < O > T < Q$ ;  $P > R \geq O \geq M$

Conclusions:

I.  $P > T$ : True (As,  $P > R \geq O > T$ , so,  $P > T$ )

II.  $N < Q$ : False (As,  $N < O > T < Q$ , so, the exact relation between N and Q cannot be determined)

III.  $R \geq M$ : True (As,  $P > R \geq O \geq M$ , so,  $R \geq M$ )

Therefore, only conclusions I and III are true.

Hence, option b.

**Solution 7: B)**

Given arrangement:

9 \* \$ F G H # C K % @ J Y T 5 R I S 6 L U 7 N !

There are two such pairs in the given arrangement, where vowels are preceded by consonants or followed by symbol.

Hence, option b.

**Solution 8: D)**

Given arrangement:

9 \* \$ F G H # C K % @ J Y T 5 R I S 6 L U 7 N !

When all symbols are dropped,

9 F G H C K J Y T 5 R I S 6 L U 7 N

If all the symbols are dropped from the above arrangement, then '7' will be eleventh to the right of the seventh element from the left end

Hence, option d.

**Solution 9: D)**

Given arrangement:

9 \* \$ F G H # C K % @ J Y T 5 R I S 6 L U 7 N !

When all the numbers are dropped,

\* \$ F G H # C K % @ J Y T R I S L U N !

If all the numbers are dropped from the arrangement then 'K' would be the fifth letter from the left of sixth element from the right end

Hence, option d.

**Solution 10: A)**

Given arrangement:

9 \* \$ F G H # C K % @ J Y T 5 R I S 6 L U 7 N !

After performing the condition given in the question, we get the following series

**K C # H G F \$ \* 9 % @ J Y T 5 R I S 6 L U 7 N !**

If first night elements from left end are reversed then 'K' would be the fifth letter to the left of the second symbol from the right end

Hence, option a.

**Solution 11: D)**

Following figure can be formed:

All Glass cannot be Empty as only Some Glass is Empty. Some Empty can be Full is not true as Some Empty which is Cup is also Full which is definitely true, so, it cannot be a possibility.

From the following figures, none of the conclusions follows.

Hence, option d.

**Solution 12: B)**

Following figure can be formed:

All Plant can never be Animal as only Plant is Cactus. Some Animal is not Cactus as Animal, which is Zebra can never be Cactus.

From the following figures, only conclusion I and conclusion II follow.

Hence, option b.

**Solution 13: A)**

Given Statement:  $P \geq M \geq A > Q$ ;  $O > Y \geq Z = T > C < Q$

On combining, we get,

$P \geq M \geq A > Q > C < T = Z \leq Y < O$

Conclusions:

I.  $C < P$ : True (As,  $P \geq M \geq A > Q > C$ , so,  $C < P$ )

II.  $O > A$ : False (As,  $A > Q > C < T = Z \leq Y < O$ , so, relation between O and A cannot be determined)

III.  $T = O$ : False (As,  $T = Z \leq Y < O$ , so,  $T < O$ )

Only Conclusion I is true.

Hence, option a.

**Solution 14: E)**

Given Statement:  $A \geq M \geq Y = P$ ;  $C \leq Z < B = A$

On combining, we get,

$$C \leq Z < B = A \geq M \geq Y = P$$

Conclusions:

I.  $B > P$ : False (As,  $B = A \geq M \geq Y = P$ , so  $B \geq P$ )

II.  $A \geq C$ : False (As,  $C \leq Z < B = A$ , so,  $C < A$ )

III.  $Y < Z$ : False (As,  $Z < B = A \geq M \geq Y$ , so, exact relation between Z and Y cannot be determined)

Therefore, none of the three conclusions follow.

Hence, option e.

**Solution 15: B)**

**Starting point:** Start with P4 and P3 for least possible cases.

**Clues:**

1. P4 went in the month having only 30 days.
2. P3 went to mall 3 months before P4.

**Inferences:**

From clue 1, we get P4 went either in April or June.

From clue 2, we get P3 went either in March or January.

Case 1: When P4 went in April.

Month	Person
January	P3
February	
March	
April	P4
May	
June	
July	

Case 2: When P4 went in June.

Month	Person
January	
February	
March	P3
April	
May	
June	P4
July	

**Clues:**

1. P2 doesn't go in the month, which has least number of days.
2. Only one person went between P4 and P2.
3. P2 went just after P7, who went after P6.

**Inferences:**

From clue 1 and 2, we get in case 1, P2 went in June and in case 2, P2 went in April.

From clue 3, we get case 2 gets eliminated as we cannot place P7 just before P2.

Month	Person
January	P3
February	P6/
March	/P6
April	P4
May	P7
June	P2
July	

**Clues:**

1. More than three persons went between P6 and P5.

**Inferences:**

From clue 1, we get P6 went in February and P5 went in July.

The final arrangement is as follows:

Month	Person
January	P3
February	P6
March	P1
April	P4
May	P7
June	P2
July	P5

Six persons went before P5.

Hence, option b.

**Solution 16: A)**

P6 went in February.

Hence, option a.

**Solution 17: D)**

Four persons went between P3 and P2.

Hence, option d.

**Solution 18: B)**

All went in the month having 31 days except for P6, who went in February.

Hence, option b.

**Solution 19: C)**

Given word: VERNACULAR

The 1<sup>st</sup>, 2<sup>nd</sup>, 5<sup>th</sup>, 6<sup>th</sup> and the 10<sup>th</sup> letters of the word 'VERNACULAR', from the left end are 'V', 'E', 'A', 'C' and 'R' respectively.

So, only two meaningful four letter English words (CAVE and CARE) starting with the letter 'C' can be formed.

Hence, option c.

**Solution 20: E)**

P1 went in March.

Hence, option e.

**Solution 21: C)**

Given Word: ALONGSIDE

LN, GI, DE, EL, DG and NO are 6 such pairs which have as many letters between them as in English alphabetical series.

Hence, option c.

**Solution 22: D)**

**Clues:**

1. E's mother's mother-in-law's only brother is D.
2. B, who is married, is sister-in-law of G, who is not in the first generation.
3. G is only daughter of F, who is father of A.
4. C doesn't have grandson.

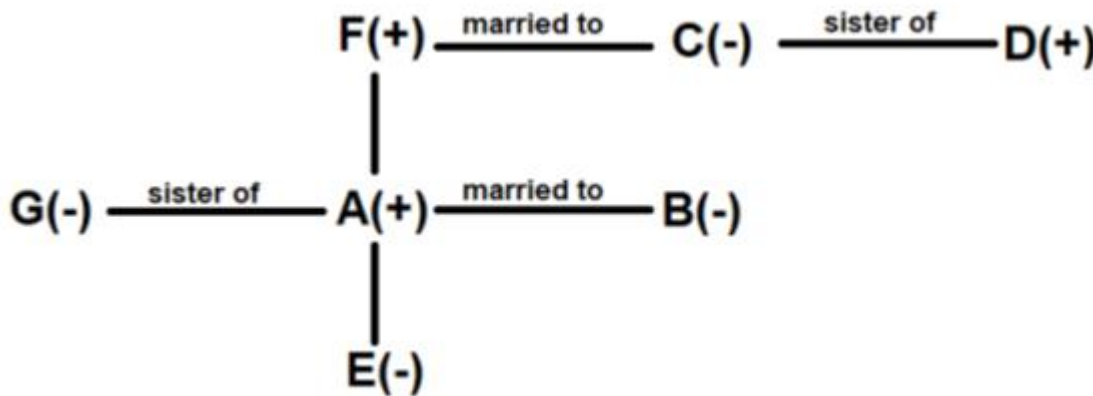

**Inferences:**

From clue 1, we get D is brother of E's grandmother.

From clue 2 and clue 3, we get G is aunt of E. A is son of F, who is brother-in-law of D. B is mother of E.

From clue 4, we get E is granddaughter of C.

We draw the following family tree:

G is daughter of D's sister.

Hence, option d.

**Solution 23: B)**

E is niece of C's daughter.

Hence, option b.

**Solution 24: C)**

D is uncle of A.

Hence, option c.

## [SBI Clerk 2023 Free Mock Test](#)

**Solution 25: A)**

**Starting Point:** We start by placing Raman and Rohit as it forms two initial cases.

**Direct Clue:** Only two persons are senior to Rakul.

**Clues:**

1. Raman is four designations senior to Rohit, who is immediate senior to Raghav.

**Inference:**

From clue 1, we get Raman is either General or LG. Raghav is either LC or Major.

Case 1: When Raman is General.

Designations	Persons
General	Raman
LG	
MG	Rakul
Brigadier	
Colonel	Rohit
LC	Raghav
Major	
Captain	

Case 2: When Raman is LG.

Designations	Persons
General	
LG	Raman
MG	Rakul
Brigadier	
Colonel	
LC	Rohit
Major	Raghav
Captain	

**Clues:**

1. Rajesh is three designations senior to Rishab.

2. Ranjeet is senior to Rishab.

**Inferences:**

From clue 1, we get Rajesh is either Brigadier or General or Colonel.

From clue 2, we get Ranjeet is either LG or General.

Case 1: When Raman is General.

Designations	Persons
General	Raman
LG	
MG	Rakul
Brigadier	Rajesh
Colonel	Rohit
LC	Raghav
Major	Rishab
Captain	

Case 2: When Raman is LG.

Designations	Persons
General	
LG	Raman
MG	Rakul
Brigadier	
Colonel	Rajesh
LC	Rohit
Major	Raghav
Captain	Rishab

**Clues:**

1. Ritesh is junior to Ranjeet.
2. Rakul is not immediate senior to Ritesh.

**Inference:**

From clue 1, we get Ritesh is either captain or Brigadier.

From clue 2, case 2 gets rejected as Rakul is not immediate senior to Ritesh.

The final arrangement is as follows:

Designations	Persons
General	Raman
LG	Ranjeet
MG	Rakul
Brigadier	Rajesh
Colonel	Rohit
LC	Raghav
Major	Rishab
Captain	Ritesh

Rajesh is Brigadier.

Hence, option a.

**Solution 26: C)**

Three persons are junior to Rohit.

Hence, option c.

**Solution 27: B)**

Raman is the senior most person.

Hence, option b.

**Solution 28: D)**

Six persons are senior to Rishab.

Hence, option d.

**Solution 29: C)**

Ritesh is designated as Captain.

Hence, option c.

**Solution 30: C)**

Given Word:

YELLOWBACKS

After arranging in alphabetical order, we get, A B C E **K** L L O S W Y

'K' is seventh alphabet from the right end.

Hence, option c.

**Solution 31: C)**

**Starting Point:** Start with placing H, I, and G to form least number of cases initially.

**Clues:**

1. H sits 2<sup>nd</sup> to the right of I.
2. Only one person sits between H and G, from either side.
3. Immediate neighbours of G face away from the center.

**Inferences:**

From clue 1, clue 2, and clue 3, we get G sits 4<sup>th</sup> to the right of I. I faces either towards or away from the center.

Case I: When I faces towards the center.

Case II: When I faces away from the center.

**Clues:**

1. J sits 3<sup>rd</sup> to the left of K, who sits adjacent to G.
2. J doesn't sit adjacent to I.
3. Immediate neighbours of J face the same direction.

**Inferences:**

From clue 1 and clue 2, we reject Case II as we can't place J. J sits 3<sup>rd</sup> to the left of I.

From clue 3, we get immediate neighbours of J face away from the center.

Case I:

**Clues:**

1. L sits 2<sup>nd</sup> to the left of M, who faces same direction as I.
2. N, who doesn't sit adjacent to L, faces same direction as L.

**Inferences:**

From clue 1, we get L sits immediate left of I.

From clue 2, we get O sits 2<sup>nd</sup> to the left of I. N sits 2<sup>nd</sup> to the left of K. L faces away from the center. G, H, and J face towards the center of the table.

The final arrangement is as follows:

J sits 2<sup>nd</sup> to the right of L.

Hence, option c.

### [SBI Clerk 2023 Free Mock Test](#)

#### **Solution 32: E)**

All persons face towards the center, except O, who faces away from the center of the table.

Hence, option e.

#### **Solution 33: C)**

L sits adjacent to O.

Hence, option c.

#### **Solution 34: E)**

Six persons sit between K and N, when counted from the left of N.

Hence, option e.

#### **Solution 35: D)**

H sits 4<sup>th</sup> to the left of J.

Hence, option d.

## **SBI Clerk Previous Year Paper PDF – English Section**

### **Question 1:**

In the question below, a sentence is given in which an idiom is highlighted. From the options below, choose the one that gives the correct meaning of the idiom.

Rama was the **black sheep of the family** ever since he chose a different career path.

- A) A resourceful person
- B) Pride of the family
- C) Someone who brings embarrassment to the family
- D) A liar
- E) None of the above

**Question 2:**

In the question below, a sentence is given in which an idiom is highlighted. From the options below, choose the one that gives the correct meaning of the idiom.

The nursery teacher said that my daughter was like **a bull in a china shop**.

- A) A person with great physical strength
- B) A person who is careless or clumsy
- C) A person who is very proactive
- D) A liar
- E) None of the above

**Question 3:**

In the question below, a sentence is given in which an idiom is highlighted. From the options below, choose the one that gives the correct meaning of the idiom.

When the police questioned the criminal, he told them a **cock-and-bull story**.

- A) A confession
- B) A long and detailed story
- C) A fabricated story
- D) To sing loudly
- E) None of the above

**Question 4:**

In the question below, a sentence is given in which an idiom is highlighted. From the options below, choose the one that gives the correct meaning of the idiom.

In the triathlon event of this year's Olympics, Japanese team turned out to be **a dark horse**.

- A) A weak opponent
- B) A failure
- C) A horse which is black in colour
- D) An unexpected winner
- E) An honest person or group of persons

**Question 5:**

In the question below, a sentence is given in which an idiom is highlighted. From the options below, choose the one that gives the correct meaning of the idiom.

My birthday is **a red letter day** for my parents.

- A) A memorable day
- B) A day of grief
- C) A day when the weather is pleasant
- D) A rainy day
- E) An inauspicious day

**Directions:** Rearrange the following five sentences (A), (B), (C), (D) and (E) in the proper sequence to form a meaningful paragraph and then answer the questions.

- (A) In his order dated November 2, Information Commissioner M. Sridhar Acharyulu has come down heavily on the RBI and its chief for failing to uphold the interest of the public at large.
- (B) The Central Information Commission (CIC) has directed RBI Governor Urjit Patel to show cause.
- (C) Why should maximum penalty not be imposed
- (D) The Reserve Bank of India finds itself in the midst of another tangle.
- (E) on him for the central bank's ostensible defiance of Supreme Court orders on disclosing the names of wilful defaulters on bank loans worth hundreds of crores of rupees?

**Question 6:** Which of the following sentences should be the FIFTH after rearrangement?

- A) D
- B) E
- C) C
- D) B

E) A

**Question 7:** Which of the following sentences should be the FOURTH after rearrangement?

A) B

B) D

C) E

D) A

E) C

**Question 8:** Which of the following sentences should be the THIRD after rearrangement?

A) A

B) B

C) D

D) C

E) E

**Question 9:** Which of the following sentences should be the FIRST after rearrangement?

A) D

B) E

C) B

D) C

E) A

**Question 10:** Which of the following sentences should be the SECOND after rearrangement?

A) B

B) E

C) D

D) A

E) C

[SBI Clerk 2023 Free Mock Test](#)

**Question 11:**

In the given question, a sentence has been broken into four parts and the parts are jumbled. Choose the option which provides the correct way to re-arrange the parts to form a grammatically and contextually meaningful sentence. If all the parts are correctly placed, mark (e) as your answer.

the thing that gets me most (A)/ excited about being a parent is (B)/ seeing my children succeed, grow, (C)/ and push the boundaries of exploration (D)

- A) ACDB
- B) BADC
- C) ADCB
- D) BCDA
- E) No rearrangement required

**Question 12:**

In the given question, a sentence has been broken into four parts and the parts are jumbled. Choose the option which provides the correct way to re-arrange the parts to form a grammatically and contextually meaningful sentence. If all the parts are correctly placed, mark (e) as your answer.

explore ideas outside of the scope of their everyday activities (A)/ must be willing to embrace the unknown, developing (B)/ an ability to go beyond their comfort zone and (C)/ in this environment of volatile change, leaders (D)

- A) BDCA
- B) DBCA
- C) DCBA
- D) BACD
- E) No rearrangement required

**Question 13:**

In the given question, a sentence has been broken into four parts and the parts are jumbled. Choose the option which provides the correct way to re-arrange the parts to form a grammatically and contextually meaningful sentence. If all the parts are correctly placed, mark (e) as your answer.

India's second-largest private bank ICICI is planning (A)/ to do away with designations like as assistant general manager, (B)/ to tackle hierarchy and instead boost accountability (C)/ deputy general manager and general manager (D)

- A) DCBA
- B) CDBA
- C) CBAD

D) ABDC

E) No rearrangement required

**Question 14:** In the following question, a sentence is given, divided into 5 parts. Part (E) is grammatically correct. Out of the other four parts, one part contains an error. Mark the option containing the part with the error. If none of the parts have errors, mark 'No error' as your answer. Achieving water security using (A)/ desalination are now a priority for (B)/ the major of Australia's (C)/ capital cities, all but one of (D)/ **which are on the coast. (E)**

A) AB

B) AC

C) BC

D) BD

E) No error

**Question 15:** In the following question, a sentence is given, divided into 5 parts. Part (E) is grammatically correct. Out of the other four parts, one part contains an error. Mark the option containing the part with the error. If none of the parts have errors, mark 'No error' as your answer. Despite increased awareness of (A)/ autism and the impact it can had (B)/ on people's lives, many (C)/ autistic people continue to struggled (D)/ **against misleading stereotypes. (E)**

A) AB

B) AC

C) BC

D) BD

E) No error

**Question 16:** In the following question, a sentence is given, divided into 5 parts. Part (E) is grammatically correct. Out of the other four parts, one part contains an error. Mark the option containing the part with the error. If none of the parts have errors, mark 'No error' as your answer. Inflammation help us to (A)/ fight infections and responds to (B)/ injuries, but too much inflammation (C)/ might be linked to other conditions (D)/ **like heart disease or stroke. (E)**

A) AB

B) AC

C) AD

D) CD

E) No error

**Question 17:** In the following question, a sentence is given, divided into 5 parts. Part (E) is grammatically correct. Out of the other four parts, one part contains an error. Mark the option containing the part with the error. If none of the parts have errors, mark 'No error' as your answer. The geographic diversification of (A)/ international trade and investment (B)/ has become a public (C)/ policy goal of much countries, (D)/ **including Canada.** (E)

- A) AC
- B) AD
- C) BC
- D) CD
- E) No error

**Question 18:** In the following question, a sentence is given, divided into 5 parts. Part (E) is grammatically correct. Out of the other four parts, one part contains an error. Mark the option containing the part with the error. If none of the parts have errors, mark 'No error' as your answer. In the 21st century, advances (A)/ in desalination technology mean (B)/ water authorities in Australia (C)/ and worldwide can supply (D)/ **bountiful fresh water.** (E)

- A) AC
- B) BC
- C) BD
- D) CD
- E) No error

**Directions:** In the following passage, some of the words have been left out and replaced by a blank represented by a letter. First read the passage and try to understand what it is about. Then fill in the blanks as per the questions given.

India's \_\_\_(A)\_\_\_ economic growth has been accompanied by falling fertility rates and higher educational attainment among women. These advances often lead to an increase in women entering the labour force, but there has been a surprising \_\_\_(B)\_\_\_ on this front in India. Less than 30% of working-age women are currently in work compared to nearly 80% of men in India. The conspicuous absence of women in India's labour force is part of a wider \_\_\_(C)\_\_\_ the country is facing when it comes to jobs growth. But the fact that it is affecting women more than men is a worrying \_\_\_(D)\_\_\_ for India, which tends to rank poorly in UN rankings like the Gender Development Index and Gender Inequality Index, and has historically had low shares of women participating in the labour market. Plus, the number of women working has been \_\_\_(E)\_\_\_ falling over the last 30 years.

**Question 19:** (A)

- A) afraid
- B) rapid

- C) scarce
- D) peculiar
- E) None of the above

**Question 20:** (B)

- A) difference
- B) diffusion
- C) intake
- D) decline
- E) None of the above

**Question 21:** (C)

- A) combination
- B) yield
- C) condition
- D) issue
- E) None of the above

**Question 22:** (D)

- A) trend
- B) unique
- C) illusion
- D) option
- E) None of the above

**Question 23:** (E)

- A) typical
- B) gradually
- C) luckily
- D) internal
- E) None of the above

[SBI Clerk 2023 Free Mock Test](#)

**Directions:** Read the following passage carefully and answer the questions.

For months, a burgeoning grassroots movement has staged flash mobs across Italy to express opposition to the country's populist firebrand, Matteo Salvini. Its ability to pack city squares with tens of thousands of people—like sardines, as the group has come to be known—has offered one of the most visible examples of anti-populist mobilization in Europe.

Spontaneously mobilizing scores of people to **condemn** Salvini's rhetoric on issues such as immigration and the European Union is part of the group's challenge; halting his seemingly meteoric rise is another. Salvini has proved a seismic force in Italian politics, going from the leader of the right-wing League, once a small, regional party, to Italy's deputy prime minister. Despite his failures—the League was booted from government last year—Salvini has been resilient: His party is currently running neck and neck with the ruling center-left Democratic Party in the liberal stronghold of Emilia-Romagna, which will hold regional elections Sunday.

The outcome of that election is already being linked to the influence of the Sardines, who are widely seen as an anti-populist block to Salvini's success. Should Salvini win in Emilia-Romagna, his opponents fear that it could bring about the collapse of the country's **fragile** governing coalition and snap elections—an outcome that would give Salvini another chance to seize power. Should he lose, it will signal that a grassroots anti-populist movement of this kind is possible. In the second scenario, the question that will undoubtedly follow is whether the Sardines' playbook can be emulated elsewhere.

To identify who the anti-populists are, it helps to understand what makes a populist—a question that has been the subject of much scholarship and debate in recent years. Though populist leaders come in a variety of forms and contexts, they share some notable similarities. As Catherine Fieschi, the director of the Global Policy Institute at Queen Mary University of London, writes in *Populocracy: The Tyranny of Authenticity and the Rise of Populism*, these include a claim to defend the true interests of (often homogenous) “real people” against the interests of elites, including mainstream political parties and the media. For right-wing populists such as Salvini—as well as Donald Trump in the United States, Viktor Orbán in Hungary, and Marine Le Pen in France, to name a few—this has manifested in nativist rhetoric, calls for tighter immigration controls, and the discrediting of political opponents as inherently “illegitimate.”

What has been less clearly defined, however, is who the anti-populists are. In some countries, such as Germany, the primary opposition to populist parties such as the far-right Alternative for Germany and the far-left Die Linke is the mainstream groups they have pitted themselves against. In others, there are new, non-mainstream alternatives. Take, for example, French President Emmanuel Macron and his La République En Marche movement, which swept to power a year after its founding: Though led by Macron, a former minister in Socialist President François Hollande's government, En Marche was regarded as being outside of France's traditional two-party system, allowing the movement to distance itself from the anti-establishment rhetoric of Macron's chief rival, Le Pen's far-right National Rally (or as it was known at the time, the National Front).

In Britain, the erstwhile Conservative minister turned independent mayoral candidate Rory Stewart declared his own ambition to start a new centrist movement—one that he told me could follow Macron's En Marche model. Stewart said he would combat “populist extremes” by better engaging the electorate in the business of governing through citizens' assemblies and, in doing so, undermine the populist narrative of elite betrayal. Unlike Macron, though, he doesn't aim to do this at the national

level, hoping instead to build his new centrist movement from the bottom up—or, in his case, from London city hall.

The Sardines, of course, don't resemble Macron's En Marche or Rory Stewart. They are a grassroots movement—not a political organization or candidate. Like many protest movements around the world, the Sardines function without a clear hierarchy. They aren't affiliated with a political party and, according to one of their founders, they have no ambition to become one. The group's sole stated aim is to reassert values of tolerance and moderation into the public square as part of an "anti-fascist, pro-equality" movement that speaks out against racism, homophobia, and anti-immigrant sentiment. But this hasn't stopped voters from viewing them as a de facto opposition: One poll found that 40 percent of Italians regard the Sardines as a greater threat to Salvini than his actual political opponents. Their success hasn't escaped the notice of Salvini either. Though the League leader has previously expressed appreciation for the group—telling one interviewer that "the more people [who] participate, the better"—he has also taken to criticizing it on Twitter, stating his preference for kittens. (His reason: They eat sardines.)

**Question 24:** What is the motivation behind the flash mobs being staged across Italy?

- A) To express opposition for the European Union.
- B) To express opposition for immigrants.
- C) To express opposition to Matteo Salvini
- D) Both (a) and (b)
- E) None of the above

**Question 25:** What is the name given to the mobs who are staging protests against Matteo Salvini?

- A) Goats
- B) Sardines
- C) Kittens
- D) Deers
- E) None of the above

**Question 26:** Which of the following is being linked to the influence of the Sardines?

- A) Immigration policy of Italy
- B) Relation of Italy with the European Union
- C) The outcome of the national election in Italy
- D) The outcome of the regional election in Emilia-Romagna
- E) None of the above

**Question 27:** Which of the following will likely be the possibilities after the outcome of the regional election in Emilia-Romagna?

- A) If Salvini wins, there would be a collapse of Italy's fragile governing coalition.
- B) If Salvini wins, tighter immigration policies will be implemented.
- C) If Salvini loses, it will signal that a grassroots anti-populist movement of the kind of the sardines is possible.
- D) Both (a) and (c)
- E) All (a), (b) and (c)

**Question 28:** Which of the following are the traits of the populist leaders?

- A) They claim to depend on the true interests of "real people" against the interests of elites.
- B) They call for tighter immigration controls.
- C) They discredit political opponents as inherently "illegitimate".
- D) Both (b) and (c)
- E) All (a), (b) and (c)

**Question 29:** Which of the following words has a meaning which is OPPOSITE to 'fragile'?

- A) lucid
- B) mammoth
- C) jejune
- D) knotty
- E) durable

**Question 30:** Which of the following words has a meaning which is SIMILAR to 'condemn'?

- A) huddle
- B) impede
- C) grasp
- D) censure
- E) flout

**प्रश्न 1:**

- A) A resourceful person
- B) Pride of the family
- C) Someone who brings embarrassment to the family

- D) A liar
- E) None of the above

**प्रश्न 2:**

- A) A person with great physical strength
- B) A person who is careless or clumsy
- C) A person who is very proactive
- D) A liar
- E) None of the above

**प्रश्न 3:**

- A) A confession
- B) A long and detailed story
- C) A fabricated story
- D) To sing loudly
- E) None of the above

**प्रश्न 4:**

- A) A weak opponent
- B) A failure
- C) A horse which is black in colour
- D) An unexpected winner
- E) An honest person or group of persons

**प्रश्न 5:**

- A) A memorable day
- B) A day of grief
- C) A day when the weather is pleasant
- D) A rainy day
- E) An inauspicious day

**Directions:** Rearrange the following five sentences (A), (B), (C), (D) and (E) in the proper sequence to form a meaningful paragraph and then answer the questions.

- (A) In his order dated November 2, Information Commissioner M. Sridhar Acharyulu has come down heavily on the RBI and its chief for failing to uphold the interest of the public at large.
- (B) The Central Information Commission (CIC) has directed RBI Governor Urjit Patel to show cause.
- (C) Why should maximum penalty not be imposed
- (D) The Reserve Bank of India finds itself in the midst of another tangle.
- (E) on him for the central bank's ostensible defiance of Supreme Court orders on disclosing the names of wilful defaulters on bank loans worth hundreds of crores of rupees?

**प्रश्न 6:**

- A) D
- B) E
- C) C
- D) B
- E) A

**प्रश्न 7:**

- A) B
- B) D
- C) E
- D) A
- E) C

**प्रश्न 8:**

- A) A
- B) B
- C) D
- D) C
- E) E

**प्रश्न 9:**

- A) D
- B) E

C) B

D) C

E) A

**प्रश्न 10:**

A) B

B) E

C) D

D) A

E) C

**प्रश्न 11:**

A) ACDB

B) BADC

C) ADCB

D) BCDA

E) No rearrangement required

**प्रश्न 12:**

A) BDCA

B) DBCA

C) DCBA

D) BACD

E) No rearrangement required

**प्रश्न 13:**

A) DCBA

B) CDBA

C) CBAD

D) ABDC

E) No rearrangement required

**प्रश्न 14:** None

A) AB

B) AC

C) BC

D) BD

E) No error

C) BC

D) CD

E) No error

**प्रश्न 18:** None

A) AC

- B) BC
- C) BD
- D) CD
- E) No error

**Directions:** In the following passage, some of the words have been left out and replaced by a blank represented by a letter. First read the passage and try to understand what it is about. Then fill in the blanks as per the questions given.

India's \_\_\_(A)\_\_\_ economic growth has been accompanied by falling fertility rates and higher educational attainment among women. These advances often lead to an increase in women entering the labour force, but there has been a surprising \_\_\_(B)\_\_\_ on this front in India. Less than 30% of working-age women are currently in work compared to nearly 80% of men in India. The conspicuous absence of women in India's labour force is part of a wider \_\_\_(C)\_\_\_ the country is facing when it comes to jobs growth. But the fact that it is affecting women more than men is a worrying \_\_\_(D)\_\_\_ for India, which tends to rank poorly in UN rankings like the Gender Development Index and Gender Inequality Index, and has historically had low shares of women participating in the labour market. Plus, the number of women working has been \_\_\_(E)\_\_\_ falling over the last 30 years.

**प्रश्न 19:** None

- A) afraid
- B) rapid
- C) scarce
- D) peculiar
- E) None of the above

**प्रश्न 20:** None

- A) difference
- B) diffusion
- C) intake
- D) decline
- E) None of the above

**प्रश्न 21:** None

- A) combination
- B) yield
- C) condition

- D) issue
- E) None of the above

**प्रश्न 22:** None

- A) trend
- B) unique
- C) illusion
- D) option
- E) None of the above

**प्रश्न 23:** None

- A) typical
- B) gradually
- C) luckily
- D) internal
- E) None of the above

**Directions:** Read the following passage carefully and answer the questions.

For months, a burgeoning grassroots movement has staged flash mobs across Italy to express opposition to the country's populist firebrand, Matteo Salvini. Its ability to pack city squares with tens of thousands of people—like sardines, as the group has come to be known—has offered one of the most visible examples of anti-populist mobilization in Europe.

Spontaneously mobilizing scores of people to **condemn** Salvini's rhetoric on issues such as immigration and the European Union is part of the group's challenge; halting his seemingly meteoric rise is another. Salvini has proved a seismic force in Italian politics, going from the leader of the right-wing League, once a small, regional party, to Italy's deputy prime minister. Despite his failures—the League was booted from government last year—Salvini has been resilient: His party is currently running neck and neck with the ruling center-left Democratic Party in the liberal stronghold of Emilia-Romagna, which will hold regional elections Sunday.

The outcome of that election is already being linked to the influence of the Sardines, who are widely seen as an anti-populist block to Salvini's success. Should Salvini win in Emilia-Romagna, his opponents fear that it could bring about the collapse of the country's **fragile** governing coalition and snap elections—an outcome that would give Salvini another chance to seize power. Should he lose, it will signal that a grassroots anti-populist movement of this kind is possible. In the second scenario, the question that will undoubtedly follow is whether the Sardines' playbook can be emulated elsewhere.

To identify who the anti-populists are, it helps to understand what makes a populist—a question that has been the subject of much scholarship and debate in recent years. Though populist leaders come

in a variety of forms and contexts, they share some notable similarities. As Catherine Fieschi, the director of the Global Policy Institute at Queen Mary University of London, writes in *Populocracy: The Tyranny of Authenticity and the Rise of Populism*, these include a claim to defend the true interests of (often homogenous) “real people” against the interests of elites, including mainstream political parties and the media. For right-wing populists such as Salvini—as well as Donald Trump in the United States, Viktor Orbán in Hungary, and Marine Le Pen in France, to name a few—this has manifested in nativist rhetoric, calls for tighter immigration controls, and the discrediting of political opponents as inherently “illegitimate.”

What has been less clearly defined, however, is who the anti-populists are. In some countries, such as Germany, the primary opposition to populist parties such as the far-right Alternative for Germany and the far-left Die Linke is the mainstream groups they have pitted themselves against. In others, there are new, non mainstream alternatives. Take, for example, French President Emmanuel Macron and his La République En Marche movement, which swept to power a year after its founding: Though led by Macron, a former minister in Socialist President François Hollande’s government, En Marche was regarded as being outside of France’s traditional two-party system, allowing the movement to distance itself from the anti-establishment rhetoric of Macron’s chief rival, Le Pen’s far-right National Rally (or as it was known at the time, the National Front).

In Britain, the erstwhile Conservative minister turned independent mayoral candidate Rory Stewart declared his own ambition to start a new centrist movement—one that he told me could follow Macron’s En Marche model. Stewart said he would combat “populist extremes” by better engaging the electorate in the business of governing through citizens’ assemblies and, in doing so, undermine the populist narrative of elite betrayal. Unlike Macron, though, he doesn’t aim to do this at the national level, hoping instead to build his new centrist movement from the bottom up—or, in his case, from London city hall.

The Sardines, of course, don’t resemble Macron’s En Marche or Rory Stewart. They are a grassroots movement—not a political organization or candidate. Like many protest movements around the world, the Sardines function without a clear hierarchy. They aren’t affiliated with a political party and, according to one of their founders, they have no ambition to become one. The group’s sole stated aim is to reassert values of tolerance and moderation into the public square as part of an “anti-fascist, pro-equality” movement that speaks out against racism, homophobia, and anti-immigrant sentiment. But this hasn’t stopped voters from viewing them as a de facto opposition: One poll found that 40 percent of Italians regard the Sardines as a greater threat to Salvini than his actual political opponents. Their success hasn’t escaped the notice of Salvini either. Though the League leader has previously expressed appreciation for the group—telling one interviewer that “the more people [who] participate, the better”—he has also taken to criticizing it on Twitter, stating his preference for kittens. (His reason: They eat sardines.)

## [SBI Clerk 2023 Free Mock Test](#)

**प्रश्न 24:** None

- A) To express opposition for the European Union.
- B) To express opposition for immigrants.
- C) To express opposition to Matteo Salvini
- D) Both (a) and (b)

#### ANSWER KEYS and SOLUTIONS:

1) - C)	2) - B)	3) - C)	4) - D)	5) - A)	6) - B)
7) - E)	8) - B)	9) - A)	10) - D)	11) - E)	12) - B)
13) - D)	14) - C)	15) - D)	16) - A)	17) - D)	18) - E)
19) - B)	20) - D)	21) - D)	22) - A)	23) - B)	24) - C)
25) - B)	26) - D)	27) - D)	28) - E)	29) - E)	30) - D)

#### Solution 1: C)

“Black sheep of the family” means someone who brings embarrassment or shame to his family. The sentence describes a person who brought embarrassment to the family by choosing a different career path.

Thus, the answer is (c).

#### Solution 2: B)

The idiom “A bull in a china shop” is used to describe a person who often makes mistakes or is clumsy, especially in situations that require careful thinking.

Thus, (b) is the correct answer.

#### Solution 3: C)

The statement talks about what a criminal did when he was question by police. The idiom “cock-and-bull story” means a made-up (fabricated or manufactured) story.

Thus, (c) is the correct answer.

**Solution 4: D)**

The statement talks about Japanese team's performance in this year's Olympics. "A dark horse" means someone who wins unexpectedly. It can also be used for someone who possesses great skill but keeps his skills a secret.

Thus, (d) is the correct answer.

**Solution 5: A)**

The idiom "A red letter day" means a memorable or a special day. Thus, (a) is the correct answer.

**Solution 6: B)**

DABCE is the final order. D begins the passage by introducing the topic that is to be discussed by the successive sentences - the tangle in which the RBI is involved. A follows by telling us the details of this tangle. B follows by continuing on the details and telling us how the RBI governor has been instructed to show cause. CE follow as a mandatory pair - C begins a question regarding the imposition of maximum penalty. E concludes the passage by telling us on whom the penalty will be imposed. Thus, (b) is the right answer.

**Solution 7: E)**

DABCE is the final order. D begins the passage by introducing the topic that is to be discussed by the successive sentences - the tangle in which the RBI is involved. A follows by telling us the details of this tangle. B follows by continuing on the details and telling us how the RBI governor has been instructed to show cause. CE follow as a mandatory pair - C begins a question regarding the imposition of maximum penalty. E concludes the passage by telling us on whom the penalty will be imposed. Thus, (e) is the right answer.

**Solution 8: B)**

DABCE is the final order. D begins the passage by introducing the topic that is to be discussed by the successive sentences - the tangle in which the RBI is involved. A follows by telling us the details of this tangle. B follows by continuing on the details and telling us how the RBI governor has been instructed to show cause. CE follow as a mandatory pair - C begins a question regarding the imposition of maximum penalty. E concludes the passage by telling us on whom the penalty will be imposed. Thus, (b) is the right answer.

**Solution 9: A)**

DABCE is the final order. D begins the passage by introducing the topic that is to be discussed by the successive sentences - the tangle in which the RBI is involved. A follows by telling us the details of this tangle. B follows by continuing on the details and telling us how the RBI governor has been instructed to show cause. CE follow as a mandatory pair - C begins a question regarding the imposition of maximum penalty. E concludes the passage by telling us on whom the penalty will be imposed. Thus, (a) is the right answer.

**Solution 10: D)**

DABCE is the final order. D begins the passage by introducing the topic that is to be discussed by the successive sentences - the tangle in which the RBI is involved. A follows by telling us the details of this tangle. B follows by continuing on the details and telling us how the RBI governor has been instructed to show cause. CE follow as a mandatory pair - C begins a question regarding the imposition of maximum penalty. E concludes the passage by telling us on whom the penalty will be imposed. Thus, (d) is the right answer.

**Solution 11: E)**

ABCD is the final order. A begins the sentence by establishing the subject - THE THING. B follows by telling us that the thing that would get a parent most excited about being one. C follows by telling us what it is - seeing one's child succeed and grow and push the boundaries of exploration (continued by D). Thus, (e) is the right answer.

**Solution 12: B)**

DBCA is the final order. D begins the sentence by establishing the subject - Leaders. It tells us of the surrounding context - the environment is changing. B follows by telling us how leaders should embrace the unknown. C follows by telling us how they should develop an ability to go out of their comfort zone. A concludes by telling us how they can go beyond their comfort zone. Thus, (b) is the right answer.

**Solution 13: D)**

ABDC is the final order. A begins the sentence by establishing the subject - ICICI. B follows by telling us what this bank is planning to do - to remove certain designations. D continues by telling us what these designations are. C concludes by telling us why it is doing so - to tackle hierarchy and boost accountability. Thus, (d) is the right answer.

**Solution 14: C)**

A, D - no error. B - replace the plural verb ARE with the singular IS as it is being used to agree with the subject ACHIEVING which is a gerund and will assume a singular form. C - replace the adjective MAJOR with the noun MAJORITY as it is being modified by the definite article THE. Thus, (c) is the right answer.

**Solution 15: D)**

A, C - no error. B - replace the second form HAD with HAVE as the modal verb CAN will take the base form of the main verb that follows it. D - replace STRUGGLED with STRUGGLE as the infinitive construction TO + VERB will take the base form of the verb. Thus, (d) is the right answer.

**Solution 16: A)**

A - replace the plural verb HELP with the singular verb HELPS as the noun INFLAMMATION will take the singular form of the verb as it refers to a single phenomenon. B - replace RESPONDS with the base form verb RESPOND as it needs to be parallel to the verb FIGHT and fit in the infinitive construction TO + VERB. C, D - no error. Thus, (a) is the right answer.

**Solution 17: D)**

A, B - no error. C - replace the second form verb BECAME with BECOME as the present perfect tense construction HAS + VERB will take the past participle form of the verb. D - replace MUCH with MANY as the former is used to modify uncountable nouns while the latter is used to modify countable nouns. Here, COUNTRIES is countable, so MANY will be used. Thus, (d) is the right answer.

**Solution 18: E)**

The sentence is grammatically and meaningfully correct, which makes (e) the right answer.

**Solution 19: B)**

(b) is the right answer. We need an adjective to modify the noun GROWTH. The sentence talks about how with the growth of Indian economy, fertility rates and higher educational attainment among women also increased. The sentence carries a positive tone. RAPID fits contextually. A RAPID change is one that happens very quickly.

AFRAID- worried that something undesirable will occur or be done.

SCARCE- (especially of food, money, or some other resource) insufficient for the demand.

PECULIAR- different to what is normal or expected; strange.

**Solution 20: D)**

(d) is the right answer. We need a noun to be modified by the adjective SURPRISING. The sentence talks about how fall in fertility rate and higher educational attainment among women is followed by greater participation in the workforce. The sentence contains BUT, which implies contradiction. It means that these advances were not followed by greater participation in the workforce in case of India. Thus, we need a word which is the opposite of INCREASE. DECLINE fits contextually.

If there is a DECLINE in something, it becomes less in quantity, importance, or quality.

DIFFERENCE- a point or way in which people or things are dissimilar.

DIFFUSION- the spreading of something more widely.

INTAKE- the people taken into an organization at a particular time.

### [SBI Clerk 2023 Free Mock Test](#)

**Solution 21: D)**

(d) is the right answer. We need a noun to be modified by the adjective WIDER. The sentence talks about how the absence of women in the workforce denotes a bigger problem. ISSUE fits contextually. An ISSUE is an important subject that people are arguing about or discussing.

COMBINATION- a joining or merging of different parts or qualities in which the component elements are individually distinct.

YIELD- an amount produced of an agricultural or industrial product.

CONDITION- the state of something with regard to its appearance, quality, or working order.

**Solution 22: A)**

(a) is the right answer. We need a noun to be modified by the adjective WORRYING. The sentence talks about how the lack of jobs have affected women more than men. TREND fits contextually. A TREND is a change or development towards something new or different.

UNIQUE- being the only one of its kinds; unlike anything else

ILLUSION- an instance of a wrong or misinterpreted perception of a sensory experience

OPTION- a thing that is or may be chosen

**Solution 23: B)**

(b) is the right answer. We need an adverb to modify the verb FALLING. The sentence talks about how for the last 30 years, the number of women in the labour market has been falling. GRADUALLY fits contextually. If something changes or is done GRADUALLY, it changes or is done in small stages over a long period of time, rather than suddenly.

TYPICAL- having the distinctive qualities of a particular type of person or thing.

LUCKILY- We add luckily to a statement to indicate that it is good that a particular thing happened or is the case because otherwise the situation would have been difficult or unpleasant.

INTERNAL- experienced in one's mind; inner rather than expressed.

**Solution 24: C)**

The answer to the question can be inferred from the first paragraph where it is mentioned that '*a burgeoning grassroots movement has staged flash mobs across Italy to express opposition to the country's populist firebrand, Matteo Salvini.*'

Hence, (c) is the correct answer.

**Solution 25: B)**

The answer to the question can be found from the first paragraph where it is mentioned that '*Its ability to pack city squares with tens of thousands of people- like sardines, as the group has come to be known...*' So, the group of people or mobs who are staging protests against Matteo Salvini are known as sardines. Hence, (b) is the correct answer.

**Solution 26: D)**

The last sentence of the second paragraph informs that there will be regional election in Emilia-Romagna while the first sentence of the third paragraph informs that '*the outcome of that election is already being linked to the influence of the Sardines*'.

So, the Sardines will influence the result of the regional election in Emilia-Romagna.

Hence, (d) is the correct answer.

**Solution 27: D)**

The answer to the question can be found from the third paragraph which mentions that *‘Should Salvini win in Emilia-Romagna, his opponents fear that it could bring about the collapse of the country’s fragile governing coalition and snap elections... Should he lose, it will signal that a grassroots anti-populist movement of this kind is possible.’*

So, both (a) and (c) are correct.

Hence, (d) is the correct answer.

**Solution 28: E)**

The answer to the question can be found from the fourth paragraph. Upon reading the paragraph, one would understand that all of (a), (b) and (c) are correct.

Refer to the lines: *‘To identify who the anti-populists are, it helps to understand what makes a populist...these include a claim to defend the true interests of (often homogenous) “real people” against the interests of elites... calls for tighter immigration controls, and the discrediting of political opponents as inherently “illegitimate.”’*

Hence, (e) is the correct answer.

**Solution 29: E)**

Fragile (adjective)- (of an object) easily broken or damaged. Durable (adjective)- Able to withstand wear, pressure, or damage; hard-wearing. Hence, (e) is the correct answer.

Lucid (adjective)- easily understood. Mammoth (adjective)- huge, gigantic. Jejune (adjective)- dull, boring. Knotty (adjective)- complicated.

**Solution 30: D)**

Condemn (verb)- Express complete disapproval of; censure. From above, one can understand that ‘censure’ has a meaning which is SIMILAR to ‘condemn’. Hence, (d) is the correct answer.

Huddle (verb)- crowd together. Impede (verb)- to hinder, hamper. Grasp (verb)- understand, seize. Flout (verb)- reject, mock.

### SBI Clerk Previous Year Paper PDF – Quant Section

**Question 1:** What approximate value will come in place of the question mark (?) in the following question? (Note: You are not expected to calculate the exact value.)

29.78% of  $(320.01 + 129.98) = ?$  of 8.98

A) 15

- B) 7
- C) 35
- D) 45
- E) 135

**Question 2:** What approximate value will come in place of the question mark (?) in the following question? (Note: You are not expected to calculate the exact value.)

$$\sqrt{196.098 + (4.02)^{3.97}} = ? + (9.98 - 3.92)^{2.98}$$

- A) 108
- B) 36
- C) 72
- D) 27
- E) 54

**Question 3:** What approximate value will come in place of the question mark (?) in the following question? (Note: You are not expected to calculate the exact value.)

$$119.98\% \text{ of } 499.92 + (43.98 - 24.092)^2 = ?$$

- A) 100
- B) 450
- C) 1000
- D) 200
- E) 1500

**Question 4:** What approximate value will come in place of the question mark (?) in the following question? (Note: You are not expected to calculate the exact value.)

$$24.98 \text{ of } 4.87 \text{ of } 11.99 \div 14.92 \text{ of } \sqrt{64.09} = ? \div 1.92$$

- A) 25
- B) 50
- C) 125
- D) 625
- E) 450

**Question 5:** What approximate value will come in place of the question mark (?) in the following question? (Note: You are not expected to calculate the exact value.)

$$25.98 \text{ of } 3.87 \text{ of } 13.87 = ? \text{ of } 181.98$$

- A) 64
- B) 8
- C) 128
- D) 140
- E) 256

**Question 6:** What approximate value will come in place of the question mark (?) in the following question? (Note: You are not expected to calculate the exact value.)

$$76.98 + 23.06 + 121.982 + 72.96 - 39.098 = ?^2$$

- A) 14
- B) 16
- C) 6
- D) 24
- E) 26

**Question 7:** What approximate value will come in place of the question mark (?) in the following question? (Note: You are not expected to calculate the exact value.)

$$990.09 + 119.98 + 89.77 = ? \text{ of } 24.83$$

- A) 40
- B) 75
- C) 15
- D) 24
- E) 48

**Question 8:** What will come in place of the question mark (?) in the following series?

$$43, 46, 55, 82, ?, 406$$

- A) 163
- B) 181
- C) 173

D) 168

E) 153

**Question 9:** What will come in place of the question mark (?) in the following series?  
71, 83, ?, 95, 47, 107

A) 88

B) 108

C) 59

D) 64

E) 72

**Question 10:** What will come in place of the question mark (?) in the following series?  
44, 66, 132, ?, 990, 3465

A) 360

B) 272

C) 264

D) 280

E) 330

**Question 11:** What will come in place of the question mark (?) in the following series?  
125, 90, 81, 98, 141, ?

A) 198

B) 210

C) 204

D) 187

E) 221

**Question 12:** What will come in place of the question mark (?) in the following series?  
48, 24, 72, ?, 90, 15, 105

A) 12

B) 35

C) 32

D) 18

E) 21

**Question 13:** 'A' and 'B' started a business where 'B' invested Rs. 160 more than 'A' and they made investment for 18 months and 24 months respectively. If the profit share of 'B' was 60% more than that of 'A', then find the investment of 'A'.

A) Rs. 840

B) Rs. 500

C) Rs. 800

D) Rs. 700

E) Rs. 1040

**Question 14:** The present average age of the father and the son is 31 years such that the age of the father is 8 years more than twice the age of the son. How many years hence from now will the son be half as old as the father?

A) 8 years

B) 4 years

C) 10 years

D) 6 years

E) 9 years

**Question 15:** Two friends 'P' and 'Q' invested Rs. 4500 and Rs. 5000, respectively in two different schemes offering compound interest (compounded annually) of 20% p.a. and simple interest of 20% p.a., respectively. Find the difference between interest received by 'P' and 'Q' after 2 years.

A) Rs. 40

B) Rs. 20

C) Rs. 56

D) Rs. 84

E) Rs. 12

**Question 16:** Pipes 'A' and 'B' alone can fill a tank in 45 minutes and 36 minutes respectively. If pipes 'A', 'B' and 'C' are opened together, then the empty tank gets filled in 30 minutes. Find the time taken by pipe 'C' alone to empty the tank.

A) 45 minutes

B) 42 minutes

C) 60 minutes

D) 72 minutes

E) 50 minutes

**Question 17:** A stream flows at speed of 4 km/h and the upstream speed of a boat in that stream is 75% of its downstream speed. Find the distance covered by this boat in downstream in 2.5 hours.

A) 80 km

B) 75 km

C) 92 km

D) 85 km

E) 60 km

**Question 18:** The cost price of an article is Rs. 375. If the article is marked 24% above its cost price and sold after two successive discounts of Rs. 25 and 10%, respectively then what will be the profit earned?

A) Rs. 10

B) Rs. 16

C) Rs. 30

D) Rs. 26

E) Rs. 21

**Question 19:** A rectangular piece of land has a perimeter of 66 metres and length of 18 metres. If the area of the land is to be divided into 6 equal portions, then what will be the area of each portion?

A) 40 m<sup>2</sup>

B) 50 m<sup>2</sup>

C) 42 m<sup>2</sup>

D) 45 m<sup>2</sup>

E) 35 m<sup>2</sup>

**Question 20:** A seller sold 540 apples and 25% more number of oranges than apples. If 30% of total number of apples and 20% of total number of oranges, sold by the seller were spoilt, then find the sum of number of spoilt apples and oranges sold by him.

A) 274

B) 297

C) 281

D) 265

E) 310

**Question 21:** The average wage of 5 workers 'A', 'B', 'C', 'D' and 'E' is Rs. 90. The average wage of 'B' and 'C' is Rs. 130 and the ratio of wages of 'A', 'D' and 'E' is 8:5:6 respectively. Find the average wage of 'A' and 'E'.

A) Rs. 70

B) Rs. 90

C) Rs. 50

D) Rs. 65

E) Rs. 75

**Question 22:** A mixture of milk and water contains 14 litres more water than milk. If half of the mixture was replaced with 13 litres of water, then quantity of milk would become 60% of the quantity of water. Find the original quantity of the mixture.

A) 124 litres

B) 108 litres

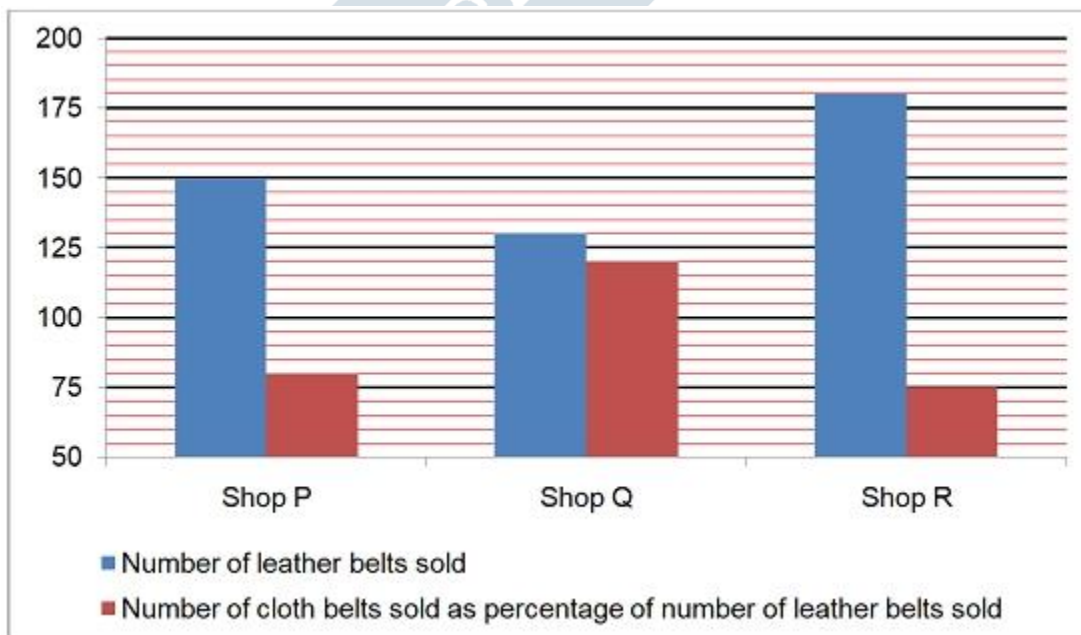

C) 154 litres

D) 134 litres

E) 142 litres

**Directions:** Answer the questions based on the information given below.

The bar graph given below shows the number of leather belts sold and number of cloth belts sold as percentage of number of leather belts sold by 3 different shops.

**Question 23:** All cloth belts sold by shop 'Q' were either of red colour or blue colour and the respective ratio of red colour to blue colour, cloth belts sold by shop 'Q' is 7:6. Find the number of red colour cloth belts sold by shop 'Q'.

- A) 84
- B) 77
- C) 98
- D) 91
- E) 70

**Question 24:** Find the difference between the average number of leather belts sold by shops 'P' and 'Q' and the number of cloth belts sold by shop 'P'.

- A) 15
- B) 32
- C) 24
- D) 30
- E) 20

**Question 25:** Find the difference between number of cloth belts sold by shop 'Q' and shop 'R'.

- A) 19
- B) 12
- C) 21
- D) 24
- E) 20

**Question 26:** What will come in the place of question mark (?) in the given expression?

$$23 \times 7 + 43 \times 3 = 75\% \text{ of } 400 - ?$$

- A) 25
- B) 10
- C) 18
- D) 30
- E) 40

[SBI Clerk 2023 Free Mock Test](#)

**Question 27:** What will come in the place of question mark (?) in the given expression?  
 $160\% \text{ of } 70 - 9 \times 4 = 16 \times ? - 52$

- A) 11
- B) 5
- C) 8
- D) 14
- E) 3

**Question 28:** What will come in the place of question mark (?) in the given expression?  
 $? \div 21 + 360 \div 15 = \sqrt{169} \times 3$

- A) 252
- B) 210
- C) 189
- D) 315
- E) 336

**Question 29:** What will come in the place of question mark (?) in the given expression?  
 $(32 \times \sqrt{?} + 472 \div 4) \div 10 = 7^2 - 18$

- A) 56
- B) 36
- C) 121
- D) 81
- E) 25

**Question 30:** What will come in the place of question mark (?) in the given expression?

$$\left(3\frac{1}{4} + 2\frac{5}{6}\right) \times 24 - 11 \times 8 = ?$$

- A) 74
- B) 58
- C) 46

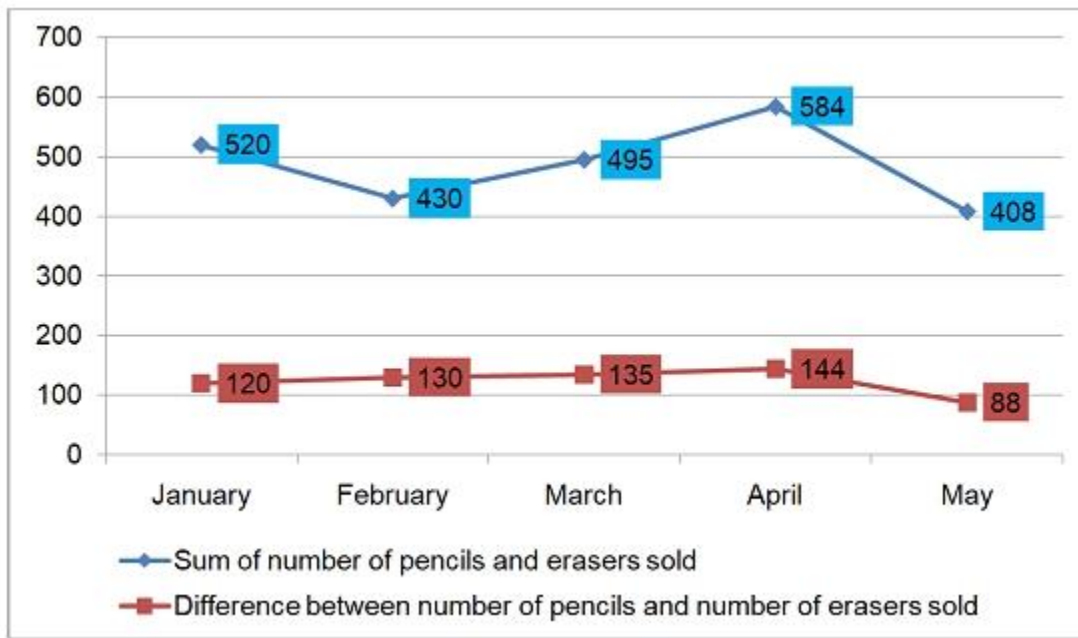

D) 62

E) 94

**Directions:** Answer the questions based on the information given below.

The line graph given below shows the sum of number of pencils and erasers sold and difference between number of pencils and erasers, sold by a shop in 5 different months.

Note:- In all months, number of pencils sold was greater than number of erasers sold

**Question 31:** Find the average number of pencils sold in January and February.

A) 270

B) 320

C) 300

D) 310

E) 284

**Question 32:** The number of pencils sold in March is how much percentage of the number of erasers sold in the same month?

A) 175%

B) 140%

C) 120%

D) 150%

E) 125%

**Question 33:** 75% of the pencils sold in April were lead pencils. Find the difference between the number of lead pencils sold in April and the number of erasers sold in the same month.

- A) 44
- B) 53
- C) 59
- D) 65
- E) 48

**Question 34:** Find the ratio of number of pencils sold in May to number of erasers sold in same month.

- A) 30:13
- B) 15:6
- C) 25:11
- D) 34:25
- E) 31:20

**Question 35:** Find the sum of number of erasers sold in January and February.

- A) 350
- B) 320
- C) 200
- D) 250
- E) 300

**प्रश्न 1:** निम्नलिखित प्रश्न में प्रश्नवाचक चिन्ह (?) के स्थान पर लगभग कितना मान आएगा? (नोट: आपसे सटीक मान की गणना करने की अपेक्षा नहीं की जाती है।)

$$29.78\% \text{ of } (320.01 + 129.98) = ? \text{ of } 8.98$$

- A) 15
- B) 7
- C) 35
- D) 45
- E) 135

**प्रश्न 2:** निम्नलिखित प्रश्न में प्रश्नवाचक चिन्ह (?) के स्थान पर लगभग कितना मान आएगा? (नोट: आपसे सटीक मान की गणना करने की अपेक्षा नहीं की जाती है।)

$$\sqrt{196.098} + (4.02)^{3.97} = ? + (9.98 - 3.92)^{2.98}$$

- A) 108
- B) 36
- C) 72
- D) 27
- E) 54

**प्रश्न 3:** निम्नलिखित प्रश्न में प्रश्नवाचक चिन्ह (?) के स्थान पर लगभग कितना मान आएगा? (नोट: आपसे सटीक मान की गणना करने की अपेक्षा नहीं की जाती है।)

$$119.98\% \text{ of } 499.92 + (43.98 - 24.092)^2 = ?$$

- A) 100
- B) 450
- C) 1000
- D) 200
- E) 1500

**प्रश्न 4:** निम्नलिखित प्रश्न में प्रश्नवाचक चिन्ह (?) के स्थान पर लगभग कितना मान आएगा? (नोट: आपसे सटीक मान की गणना करने की अपेक्षा नहीं की जाती है।)

$$24.98 \text{ of } 4.87 \text{ of } 11.99 \div 14.92 \text{ of } \sqrt{64.09} = ? \div 1.92$$

- A) 25
- B) 50
- C) 125
- D) 625
- E) 450

**प्रश्न 5:** निम्नलिखित प्रश्न में प्रश्नवाचक चिन्ह (?) के स्थान पर लगभग कितना मान आएगा? (नोट: आपसे सटीक मान की गणना करने की अपेक्षा नहीं की जाती है।)

$$25.98 \text{ of } 3.87 \text{ of } 13.87 = ? \text{ of } 181.98$$

- A) 64

- B) 8
- C) 128
- D) 140
- E) 256

**प्रश्न 6:** निम्नलिखित प्रश्न में प्रश्नवाचक चिन्ह (?) के स्थान पर लगभग कितना मान आएगा? (नोट: आपसे सटीक मान की गणना करने की अपेक्षा नहीं की जाती है।)

$$76.98 + 23.06 + 121.982 + 72.96 - 39.098 = ?^2$$

- A) 14
- B) 16
- C) 6
- D) 24
- E) 26

**प्रश्न 7:** निम्नलिखित प्रश्न में प्रश्नवाचक चिन्ह (?) के स्थान पर लगभग कितना मान आएगा? (नोट: आपसे सटीक मान की गणना करने की अपेक्षा नहीं की जाती है।)

$$990.09 + 119.98 + 89.77 = ? \text{ of } 24.83$$

- A) 40
- B) 75
- C) 15
- D) 24
- E) 48

**प्रश्न 8:** निम्नलिखित श्रृंखला में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आयेगा?

$$43, 46, 55, 82, ?, 406$$

- A) 163
- B) 181
- C) 173
- D) 168
- E) 153

**प्रश्न 9:** निम्नलिखित श्रृंखला में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आयेगा?

71, 83, ?, 95, 47, 107

- A) 88
- B) 108
- C) 59
- D) 64
- E) 72

**प्रश्न 10:** निम्नलिखित श्रृंखला में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आयेगा?

44, 66, 132, ?, 990, 3465

- A) 360
- B) 272
- C) 264
- D) 280
- E) 330

**प्रश्न 11:** निम्नलिखित श्रृंखला में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आयेगा?

125, 90, 81, 98, 141, ?

- A) 198
- B) 210
- C) 204
- D) 187
- E) 221

### [SBI Clerk 2023 Free Mock Test](#)

**प्रश्न 12:** निम्नलिखित श्रृंखला में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आयेगा?

48, 24, 72, ?, 90, 15, 105

- A) 12
- B) 35
- C) 32

D) 18

E) 21

**प्रश्न 13:** 'A' और 'B' ने एक व्यवसाय शुरू किया जहां 'B' ने 'A' की तुलना में Rs. 160 अधिक का निवेश किया और उन्होंने क्रमशः 18 महीने और 24 महीने के लिए निवेश किया। यदि 'B' का लाभ हिस्सा 'A' से 60% अधिक था, तो 'A' का निवेश ज्ञात कीजिए।

A) Rs. 840

B) Rs. 500

C) Rs. 800

D) Rs. 700

E) Rs. 1040

**प्रश्न 14:** पिता और पुत्र की वर्तमान औसत आयु 31 वर्ष इस प्रकार है कि पिता की आयु पुत्र की आयु के दोगुने से 8 वर्ष अधिक है। अब से कितने वर्ष बाद पुत्र की आयु अपने पिता से आधी होगी?

A) 8 years

B) 4 years

C) 10 years

D) 6 years

E) 9 years

**प्रश्न 15:** दो मित्र 'P' और 'Q' ने क्रमशः Rs. 4500 और Rs. 5000 को दो अलग-अलग schemes में क्रमशः 20% प्रति वर्ष चक्रवृद्धि ब्याज (वार्षिक देय) और 20% प्रति वर्ष साधारण ब्याज पर निवेश करते हैं। 2 वर्ष बाद 'P' और 'Q' द्वारा प्राप्त ब्याज के बीच का अंतर ज्ञात कीजिए।

A) Rs. 40

B) Rs. 20

C) Rs. 56

D) Rs. 84

E) Rs. 12

**प्रश्न 16:** पाइप 'A' और 'B' अकेले एक टैंक को क्रमशः 45 मिनट और 36 मिनट में भर सकते हैं। यदि पाइप 'A', 'B' और 'C' को एक साथ खोल दिया जाता है, तो खाली टैंक 30 मिनट में भर जाता है। टैंकी को खाली करने में अकेले पाइप 'C' द्वारा लिया गया समय ज्ञात कीजिए।

A) 45 minutes

- B) 42 minutes
- C) 60 minutes
- D) 72 minutes
- E) 50 minutes

**प्रश्न 17:** एक धारा 4 km/h की गति से बहती है और उस धारा में एक नाव की धारा विरुद्ध गति उसकी धारा अनुप्रवाह गति का 75% है। इस नाव द्वारा धारा अनुप्रवाह में 2.5 hours में तय की गई दूरी ज्ञात कीजिए।

- A) 80 km
- B) 75 km
- C) 92 km
- D) 85 km
- E) 60 km

**प्रश्न 18:** एक वस्तु का क्रय मूल्य Rs. 375 है। यदि वस्तु को उसके क्रय मूल्य से 24% अधिक अंकित किया जाता है और क्रमशः 25 और 10% की दो क्रमिक छूटों के बाद बेचा जाता है, तो अर्जित लाभ कितना होगा?

- A) Rs. 10
- B) Rs. 16
- C) Rs. 30
- D) Rs. 26
- E) Rs. 21

**प्रश्न 19:** भूमि के एक आयताकार टुकड़े का परिमाण 66 metres और लंबाई 18 metres है। यदि भूमि के क्षेत्रफल को 6 बराबर भागों में बाँटना हो, तो प्रत्येक भाग का क्षेत्रफल कितना होगा?

- A) 40 m<sup>2</sup>
- B) 50 m<sup>2</sup>
- C) 42 m<sup>2</sup>
- D) 45 m<sup>2</sup>
- E) 35 m<sup>2</sup>

**प्रश्न 20:** एक विक्रेता ने 540 सेब और सेब की तुलना में 25% अधिक संतरे बेचे। यदि विक्रेता द्वारा बेचे गए सेबों की कुल संख्या का 30% और संतरे की कुल संख्या का 20% खराब हो जाता है, तो उसके द्वारा बेचे गए खराब सेबों और संतरे की कुल संख्या का योग ज्ञात कीजिए।

- A) 274
- B) 297
- C) 281
- D) 265
- E) 310

**प्रश्न 21:** 5 श्रमिकों 'A', 'B', 'C', 'D' और 'E' का औसत वेतन Rs. 90 है। 'B' और 'C' का औसत वेतन Rs. 130 है और 'A', 'D' और 'E' के वेतन का अनुपात क्रमशः 8:5:6 है। 'A' और 'E' की औसत वेतन ज्ञात करें?

- A) Rs. 70
- B) Rs. 90
- C) Rs. 50
- D) Rs. 65
- E) Rs. 75

**प्रश्न 22:** दूध और पानी के मिश्रण में दूध से 14 litres अधिक पानी है। यदि आधे मिश्रण को 13 litres पानी से बदल दिया जाए, तो दूध की मात्रा पानी की मात्रा का 60% हो जाएगी। मिश्रण की वास्तविक मात्रा ज्ञात कीजिए।

- A) 124 litres
- B) 108 litres
- C) 154 litres
- D) 134 litres
- E) 142 litres

**निर्देश:** नीचे दी गई जानकारी के आधार पर प्रश्नों के उत्तर दें।

नीचे दिया गया bar graph 3 अलग-अलग दुकानों द्वारा बेची गई leather belts की संख्या और बेची गई leather belts की संख्या के प्रतिशत के रूप में cloth belts की संख्या दर्शाता है।

**प्रश्न 23:** दुकान 'Q' द्वारा बेचे गये सभी cloth belts या तो red या blue colour की थीं और दुकान 'Q' द्वारा बेचे गये red colour और blue colour, cloth belts का संबंधित अनुपात 7:6 है। दुकान 'Q' द्वारा बेची गई red colour cloth belts की संख्या ज्ञात कीजिए।

- A) 84
- B) 77
- C) 98
- D) 91
- E) 70

**प्रश्न 24:** दुकान 'P' और 'Q' द्वारा बेचे गए leather belts की औसत संख्या और दुकान 'P' द्वारा बेचे गये cloth belts की संख्या के बीच का अंतर ज्ञात कीजिए।

- A) 15
- B) 32
- C) 24
- D) 30
- E) 20

**प्रश्न 25:** दुकान 'Q' और दुकान 'R' द्वारा बेची गई cloth belts की संख्या के बीच का अंतर ज्ञात कीजिए।

- A) 19
- B) 12

C) 21

D) 24

E) 20

### SBI Clerk 2023 Free Mock Test

**प्रश्न 26:** दिए गए समीकरण में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आएगा?

$$23 \times 7 + 43 \times 3 = 75\% \text{ of } 400 - ?$$

A) 25

B) 10

C) 18

D) 30

E) 40

**प्रश्न 27:** दिए गए समीकरण में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आएगा?

$$160\% \text{ of } 70 - 9 \times 4 = 16 \times ? - 52$$

A) 11

B) 5

C) 8

D) 14

E) 3

**प्रश्न 28:** दिए गए समीकरण में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आएगा?

$$? \div 21 + 360 \div 15 = \sqrt{169} \times 3$$

A) 252

B) 210

C) 189

D) 315

E) 336

**प्रश्न 29:** दिए गए समीकरण में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आएगा?

$$(32 \times \sqrt{?} + 472 \div 4) \div 10 = 7^2 - 18$$

- A) 56
- B) 36
- C) 121
- D) 81
- E) 25

**प्रश्न 30:** दिए गए समीकरण में प्रश्नवाचक चिन्ह (?) के स्थान पर क्या आएगा?

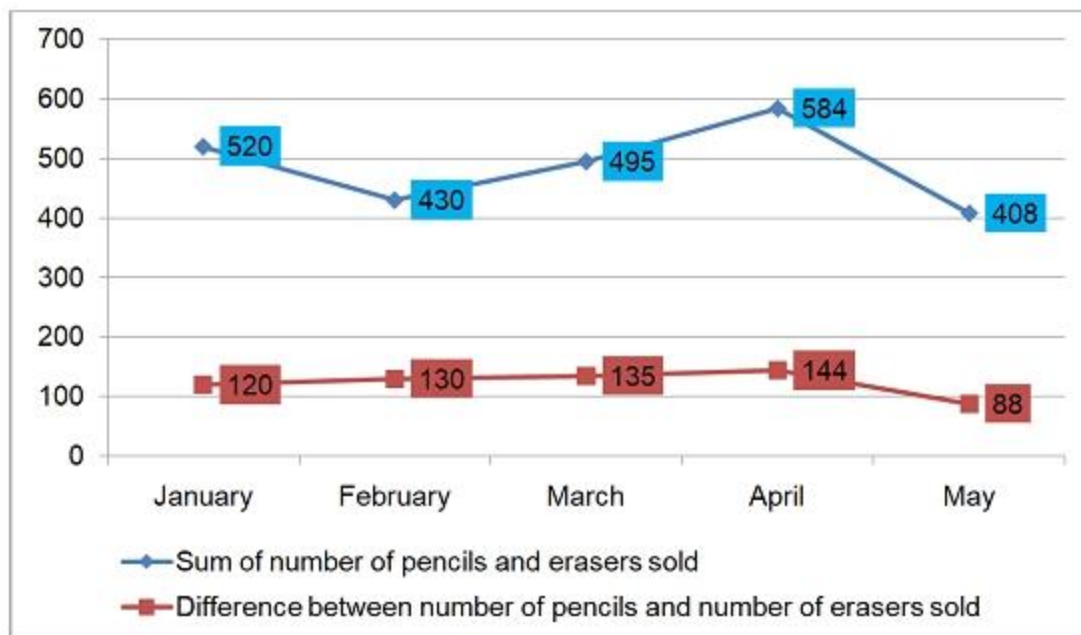

$$\left(3\frac{1}{4} + 2\frac{5}{6}\right) \times 24 - 11 \times 8 = ?$$

- A) 74
- B) 58
- C) 46
- D) 62
- E) 94

**निर्देश:** नीचे दी गई जानकारी के आधार पर प्रश्नों के उत्तर दें।

नीचे दिया गया line graph 5 अलग-अलग महीनों में एक दुकान द्वारा बेची गई पेंसिल और रबड़ की संख्या के योग और बेचे गए पेंसिल और रबड़ की संख्या के बीच अंतर को दर्शाता है।

नोट:- सभी महीनों में बेची गयी पेंसिलों की संख्या, बेची गयी रबड़ की संख्या से अधिक थी।

**प्रश्न 31:** जनवरी और फरवरी में बेची गई पेंसिलों की औसत संख्या ज्ञात कीजिए।

- A) 270
- B) 320
- C) 300
- D) 310
- E) 284

**प्रश्न 32:** मार्च में बेची गई पेंसिलों की संख्या उसी महीने में बेची गई रबड़ों की संख्या का कितना प्रतिशत है?

- A) 175%
- B) 140%
- C) 120%
- D) 150%
- E) 125%

**प्रश्न 33:** अप्रैल में बेची गयी 75% पेंसिलें लेड पेंसिल थीं। अप्रैल में बेची गई लेड पेंसिल की संख्या और उसी महीने में बेची गयी रबड़ की संख्या के बीच का अंतर ज्ञात कीजिए।

- A) 44
- B) 53
- C) 59
- D) 65

E) 48

**प्रश्न 34:** मई में बेची गई पेंसिलों की संख्या और उसी महीने में बेची गई रबड़ों की संख्या का अनुपात ज्ञात कीजिए।

A) 30:13

B) 15:6

C) 25:11

D) 34:25

E) 31:20

**प्रश्न 35:** जनवरी और फरवरी में बेचे गए रबड़ों की संख्या का योग ज्ञात कीजिए।

A) 350

B) 320

C) 200

D) 250

E) 300

[SBI Clerk 2023 Free Mock Test](#)**ANSWER KEYS and SOLUTIONS:**

19) - D)	20) - B)	21) - A)	22) - D)	23) - A)	24) - E)
25) - C)	26) - B)	27) - C)	28) - D)	29) - B)	30) - B)
31) - C)	32) - A)	33) - B)	34) - E)	35) - A)	

**Solution 1: A)**

$$29.78\% \text{ of } (320.01 + 129.98) = ? \text{ of } 8.98$$

$$30\% \text{ of } (320 + 130) \sim ? \text{ of } 9$$

$$0.3 \times 450 \sim ? \times 9$$

$$? \sim 15$$

Hence, option a.

**Solution 2: E)**

$$\sqrt{196.098} + (4.02)^{3.97} = ? + (9.98 - 3.92)^{2.98}$$

$$\sqrt{196 + (4)^4} \sim ? + (10 - 4)^3$$

$$14 + 256 \sim ? + 6^3$$

$$270 \sim ? + 216$$

$$? \sim 54$$

Hence, option e.

**Solution 3: C)**

$$119.98\% \text{ of } 499.92 + (43.98 - 24.092)^2 = ?$$

$$120\% \text{ of } 500 + (44 - 24)^2 \sim ?$$

$$600 + (20)^2 \sim ?$$

$$? \sim 1000$$

Hence, option c.

**Solution 4: A)**

$$24.98 \text{ of } 4.87 \text{ of } 11.99 \div 14.92 \text{ of } \sqrt{64.09} = ? \div 1.92$$

$$25 \text{ of } 5 \text{ of } 12 \div 15 \text{ of } \sqrt{64} \sim ? \div 2$$

$$25 \times 5 \times 12 \div (15 \times 8) \sim ? \div 2$$

$$? \sim 25 \times 2 \div 2$$

$$? \sim 25$$

Hence, option a.

**Solution 5: B)**

$$25.98 \text{ of } 3.87 \text{ of } 13.87 = ? \text{ of } 181.98$$

$$26 \text{ of } 4 \text{ of } 14 \sim ? \text{ of } 182$$

$$? \sim (26 \times 4 \times 14) \div (14 \times 13)$$

$$? \sim 8$$

Hence, option b.

**Solution 6: B)**

$$76.98 + 23.06 + 121.982 + 72.96 - 39.098 = ?^2$$

$$77 + 23 + 122 + 73 - 39 \sim ?^2$$

$$?^2 \sim 256$$

$$? \sim \pm 16$$

Hence, option b.

**Solution 7: E)**

$$990.09 + 119.98 + 89.77 = ? \text{ of } 24.83$$

$$990 + 120 + 90 \sim ? \text{ of } 25$$

$$1200 \sim ? \times 25$$

$$? \sim 48$$

Hence, option e.

**Solution 8: A)**

$$43 + 3^1 = 46$$

$$46 + 3^2 = 55$$

$$55 + 3^3 = 82$$

$$82 + 3^4 = 163$$

$$163 + 3^5 = 406$$

Hence, option a.

**Solution 9: C)**

$$71 + 12 \times 1 = 83$$

$$83 - 12 \times 2 = 59$$

$$59 + 12 \times 3 = 95$$

$$95 - 12 \times 4 = 47$$

$$47 + 12 \times 5 = 107$$

Hence, option c.

**Solution 10: E)**

$$44 \times 1.5 = 66$$

$$66 \times 2 = 132$$

$$132 \times 2.5 = 330$$

$$330 \times 3 = 990$$

$$990 \times 3.5 = 3465$$

Hence, option e.

**Solution 11: B)**

Hence, option b.

**Solution 12: D)**

The given series follows the pattern of alternate division and multiplication with consecutive integers.

$$48 \div 2 = 24$$

$$24 \times 3 = 72$$

$$72 \div 4 = 18$$

$$18 \times 5 = 90$$

$$90 \div 6 = 15$$

$$15 \times 7 = 105$$

Hence, option d.

**Solution 13: C)**

Let the investment of 'A' = Rs. Y

Then, investment of 'B' = Rs. (Y + 160)

Ratio of profit shares of 'A' and 'B' respectively =  $(Y \times 18) : \{(Y + 160) \times 24\}$

$$18Y : (24Y + 3840)$$

We have,  $24Y + 3840 = 18Y \times 1.6$

$$\text{Or, } 24Y + 3840 = 28.8Y$$

$$\text{Or, } 4.8Y = 3840$$

$$\text{So, } Y = 3840 \div 4.8 = 800$$

So, investment of 'A' = Rs. 800

Hence, option c.

#### **Solution 14: A)**

Let the present age of the son = 'y' years

Then, present age of the father =  $y \times 2 + 8 = (2y + 8)$  years

Sum of present ages of the father and the son =  $31 \times 2 = 62$  years

$$\text{So, } y + 2y + 8 = 62$$

$$\text{Or, } 3y + 8 = 62$$

$$\text{And so, } y = (62 - 8) \div 3 = 18$$

Present age of son = 18 years

And, present age of the father =  $62 - 18 = 44$  years

Let 'x' years hence from now age of father will be twice that of son

Therefore,

$$\{(44 + x) / (18 + x)\} = 2/1$$

$$\text{Or, } 44 + x = 36 + 2x$$

$$\text{Or, } x = 8$$

Hence, option a.

#### **Solution 15: B)**

Interest received by 'P' =  $4500 \times \{(1 + (20/100))^2 - 1\} = 4500 \times 1.2^2 - 4500 = 6480 - 4500 = \text{Rs. } 1980$

Interest received by 'Q' =  $(5000 \times 20 \times 2) \div 100 = \text{Rs. } 2000$

So, required difference =  $2000 - 1980 = \text{Rs. } 20$

Hence, option b.

**Solution 16: C)**

Let the total capacity of the tank = L.C.M of 45 and 36 = 180 units

And so, efficiency of pipe 'A' =  $180 \div 45 = 4$  units/minute

Efficiency of pipe 'B' =  $180 \div 36 = 5$  units/minute

Combined efficiency of pipes 'A', 'B' and 'C' =  $180 \div 30 = 6$  units/minute

So, efficiency of pipe 'C' alone =  $6 - (4 + 5) = 3$  units/minute (outlet)

So, time taken by pipe 'C' alone to empty the tank =  $180 \div 3 = 60$  minutes

Hence, option c.

**Solution 17: A)**

Let the speed of the boat in still water = 'y' km/h

Then, upstream and downstream speed of the boat are  $(y - 4)$  km/h and  $(y + 4)$  km/h, respectively

We have,  $(y - 4) = (y + 4) \times 0.75$

Or,  $y - 4 = 0.75y + 3$

So,  $0.25y = 7$

And so,  $y = 7 \div 0.25 = 28$

And, downstream speed of the boat =  $28 + 4 = 32$  km/h

And so, distance covered in 2.5 hours =  $32 \times 2.5 = 80$  km

Hence, option a.

**Solution 18: E)**

Marked price of the article =  $375 \times 1.24 = \text{Rs. } 465$

Price after 1<sup>st</sup> discount =  $465 - 25 = \text{Rs. } 440$

Final selling price after 2<sup>nd</sup> discount =  $440 \times 0.9 = \text{Rs. } 396$

So, profit earned =  $396 - 375 = \text{Rs. } 21$

Hence, option e.

**Solution 19: D)**

Let the breadth of the land = 'b' metres

Then, perimeter of the land =  $2 \times (18 + b)$

$$\text{Or, } 2 \times (18 + b) = 66$$

$$\text{Or, } 18 + b = 33$$

$$\text{So, } b = 33 - 18 = 15$$

And so, total area of the land =  $18 \times 15 = 270 \text{ m}^2$

So, area of each of the 6 equal portions =  $270 \div 6 = 45 \text{ m}^2$

Hence, option d.

**Solution 20: B)**

Number of oranges sold =  $540 \times 1.25 = 675$

Number of spoilt apples sold =  $540 \times 0.3 = 162$

Number of spoilt oranges sold =  $675 \times 0.2 = 135$

So, required sum =  $162 + 135 = 297$

Hence, option b.

**Solution 21: A)**

Sum of wages of 'A', 'B', 'C', 'D' and 'E' =  $90 \times 5 = \text{Rs. } 450$

Sum of wages of 'B' and 'C' =  $130 \times 2 = \text{Rs. } 260$

So, sum of wages of 'A', 'D' and 'E' =  $450 - 260 = 190$

So, wages of 'A' =  $190 \times (8/19) = \text{Rs. } 80$

And, wage of 'E' =  $190 \times (6/19) = \text{Rs. } 60$

So, required average =  $(80 + 60) \div 2 = \text{Rs. } 70$

Hence, option a.

**Solution 22: D)**

Let the original quantity of milk in the mixture =  $2x$  litres

Then, original quantity of water in the mixture =  $(2x + 14)$  litres

After replacing half of the mixture with 13 litres of water,

Quantity of milk =  $2x - 2x \times 0.5 = 'x'$  litres

Quantity of water =  $(2x + 14) - (2x + 14) \times 0.5 + 13 = x + 7 + 13 = (x + 20)$  litres

According to the question,

$$x = (x + 20) \times 0.6 = 0.6x + 12$$

$$\text{So, } 0.4x = 12$$

$$\text{And so, } x = 12 \div 0.4 = 30$$

So, original quantity of the mixture =  $2x + 2x + 14 = 4 \times 30 + 14 = 134$  litres

Hence, option d.

### Solution 23: A)

In shop 'A',

Number of leather belts sold = 150

Number of cloth belts sold =  $150 \times 0.8 = 120$

Similarly,

Shop	Number of leather belts sold	Number of cloth belts sold
P	150	120
Q	130	156
R	180	135

Number of red colour cloth belts sold by shop 'Q' =  $156 \times (7/13) = 84$

Hence, option a.

## [SBI Clerk 2023 Free Mock Test](#)

### Solution 24: E)

Average number of leather belts sold by shops 'P' and 'Q' =  $(150 + 130) \div 2 = 140$

So, required difference =  $140 - 120 = 20$

Hence, option e.

### Solution 25: C)

$$\text{Required difference} = 156 - 135 = 21$$

Hence, option c.

**Solution 26: B)**

$$23 \times 7 + 43 \times 3 = 75\% \text{ of } 400 - ?$$

$$161 + 129 = 75\% \text{ of } 400 - ?$$

$$290 = 300 - ?$$

$$? = 300 - 290 = 10$$

Hence, option b.

**Solution 27: C)**

$$160\% \text{ of } 70 - 9 \times 4 = 16 \times ? - 52$$

$$112 - 36 = 16 \times ? - 52$$

$$76 + 52 = 16 \times ?$$

$$? = 128 \div 16$$

$$? = 8$$

Hence, option c.

**Solution 28: D)**

$$? \div 21 + 360 \div 15 = \sqrt{169} \times 3$$

$$? \div 21 + 360 \div 15 = 13 \times 3$$

$$? \div 21 + 24 = 39$$

$$? \div 21 = 39 - 24$$

$$? = 15 \times 21$$

$$? = 315$$

Hence, option d.

**Solution 29: B)**

$$(32 \times \sqrt{?} + 472 \div 4) \div 10 = 7^2 - 18$$

$$(32 \times \sqrt{?} + 472 \div 4) \div 10 = 49 - 18$$

$$(32 \times \sqrt{?} + 118) = 31 \times 10$$

$$32 \times \sqrt{?} = 310 - 118$$

$$\sqrt{?} = 192 \div 32$$

$$? = 6^2 = 36$$

Hence, option b.

**Solution 30: B)**

$$\left(\frac{13}{4} + \frac{17}{6}\right) \times 24 - 88 = ?$$

$$\left(\frac{13 \times 3 + 17 \times 2}{12}\right) \times 24 - 88 = ?$$

$$\left(\frac{39 + 34}{12}\right) \times 24 - 88 = ?$$

$$146 - 88 = ?$$

$$? = 58$$

Hence, option b.

**Solution 31: C)**

In January,

Let the number of pencils sold = 'x'

Then, number of erasers sold = (x - 120)

$$\text{So, } x + x - 120 = 520$$

$$\text{Or, } 2x - 120 = 520$$

$$\text{So, } x = (520 + 120) \div 2 = 320$$

And so, number of pencils and erasers sold are 320 and 200 respectively.

Similarly,

Month	Number of pencils sold	Number of erasers sold
January	320	200

February	280	150
March	315	180
April	364	220
May	248	160

Required average =  $(320 + 280) \div 2 = 300$

Hence, option c.

**Solution 32: A)**

Required percentage =  $(315/180) \times 100 = 175\%$

Hence, option a.

**Solution 33: B)**

Number of lead pencils sold in April =  $364 \times 0.75 = 273$

So, required difference =  $273 - 220 = 53$

Hence, option b.

**Solution 34: E)**

Required ratio =  $248:160 = 31:20$

Hence, option e.

**Solution 35: A)**

Required sum =  $(200 + 150) = 350$

Hence, option a.
